Massimo Lucchesi is the author of several titles on coaching soccer, including: Coaching the 3-4-1-2 and 4-2-3-1, Soccer: Coaching the 3-4-3, Soccer Tactics, An Analysis of Attack and Defense, Attacking Soccer: A Tactical Analysis

A really helpful book. It let's see more into depth on how to manage the 4-3-3

Excellent book. Clearly describes the role of each player in the 4-3-3 formation, provides some example build-up plays and also provides exercises to help the players get familiarized with the formation and their roles. Has plenty of diagrams to properly explain what is said in words.

Really basic and not worth the money

This is something I needed to start showing my 7th and 8th graders.

I bought this book because all I knew how to play was a sweeper/stopper formation. After reading this book I had a much better understanding of the 433 and what the formation is designed for. This book did not offer any drills that would be helpful to running a 433, just the tactical and philosophical ideas for the formation. If you need drills for players, I recommend *Â Dutch Soccer Drills* and *Â Dutch Soccer Drills Volume II*. Volume 1 is for individual drills and Volume 2 is for team drills.

I like it.

great book

This book explains the way 4-3-3 formation should be played; simple enough to understand; it shows responsibilities for each position in this particular formation. RECOMMEND IT.
