Taking Her Innocence (Killer Of Kings Book 1)

Synopsis

Viper has always been a bastard, a nightmare, death for hire. He's known for his swift kills, so he isn't surprised when he's offered seven figures for a new hit. It's supposed to be a quick find and eliminate. When his mark turns out to be an innocent twenty-year old with big blue eyes, he shouldn't care one way or another but he does. Viper wants to keep her for himself. Pepper's step-father killed her mother, and she's been on the run ever since. When a hitman shows up on her doorstep, covered in ink, and strapped with heat, she expects to be his next victim. But she's wrong. Viper keeps her safe from the mercenaries hoping to cash in on the world-wide contract on her head. He's everything she's not, but she still finds herself falling hard for her captor. With the odds against them, and death waiting around every corner, can they find true love in each other? Or is Viper only interested in taking her innocence?#BBW #darkromance #darkerotic #hitman #badboy #contemporary

Praise for Taking Her Innocence:

"Prepare yourself ... this book is intense! Wow! Hello! This book is crazy good! Viper is pure sex on legs. He's gorgeous but he's got that dark side that makes him extremely dangerous. I love the plot, it's a romantic suspense burst. It's splattered with sex scenes that had me very nearly drooling over my ereader. Seriously. Fans self. If you like dark romance, then Taking Her Innocence should be at the top of your TBR pile!" -TBR Pile Reviews

Customer Reviews

Taking Her Innocence is a fast, easy, and sexy read. It's a dark erotic romance/thriller where the hitman falls for his target. The story starts with a punch. The worldwide bounty for Pepper's head has hitmen coming at her from all angles, the best and meanest of them all is Viper. He never hesitates when breaking someone's neck, but Pepper is a game changer for him. He never hesitates when breaking someone's neck, but Pepper is a game changer for him. She makes him feel things he's been taught from a young age to ignore, and he just doesn't know how to deal. The story is action-packed from the start and the sex scenes are hot. Taking Her Innocence reminds me of Tom in The Blacklist (one of my fave shows). Stacey Espino and Sam Crescent do a fantastic job of merging their writing talent in this new series. I'm looking forward to book # 2 in this series as I'm curious whom they'll redeem next. Bain or Boss, or who knows, someone new!

I like this new series. Great writing by Sam Crescent and Stacey Espino. For fans who love Sam and Jenika Snow writing together or separate you will like the writing duo of these two as well. I liked the story of a hit man falling for his target. The story flowed so well I couldn't stop reading. I liked Viper and Pepper's chemistry and how she helped him find a sweetness and love in his life and Viper gave her strength. I can't wait for Bain and Boss to have their stories.

Quick hot sexy read. Viper is a killer for hire and his newest job is to kill Pepper. Yet one look at her and he's hooked. Pepper has never met a man like Viper and he's now her only hope of survival from the bounty on her head. There's plenty of action, passion, angst, and wet panties to keep the reader entertained. Sam Crescent is a automatic 1-click for me and now that she's teamed up with Stacey Espino I'm looking forward to more from them both.

Love it. The only let down that I have is that it was not that dark of a read for me anyway but in all of this it was a very good read a Hitman falling for his target just wonderful him doing his best on protecting her in his best way he knows. It was a wonderfulÃ¢Â¢ read this combination of this two

authors. I will definitely keep read this series now I'm to my next.

Wow! I have always loved Sam's stories and while I've read some of Stacey's stories in the past, I was thrilled to see these two had teamed up for a new series! The characters are crude and rough and I loved it! This is Viper's story and from the first page, I was hooked. I can't wait to see who's story is next (either Bain or Boss will work for me).

I couldn't put this one down. It has a lot of action both in and out of the bedroom. All of it very hot and exciting. Viper is as dark as Pepper is to light . Together they heal each other's hearts and souls. Perfect for each other. A fabulous book written by two fabulous women . Thank you Sam Crescent and STACEY Espino !!

Loved it from start to finish. Loved Viper, but was a bit unsure of Pepper's character as she came across as this weepy, needy, naive heroine and didnt think she was a fit for our hero. But as I read on I started to like her character more to a certain point though. Cant wait for either BOSS's book or Bains.

Wow What a book!!!! When you think there is no hope left there is always this one ray of sunshine that finds its way thru. Oh man I can't wait for the next book to come out!!! It is a book that will keep you on your toes for sure!!! I loved every minute of this book!! I hope that you will love it as much as I did!!! I could not put it down!! Once I started the book I had to know what happened next.
