Get Paid For Your Pad: How To Maximize Profit From Your Airbnb Listing

Synopsis

Stop grinding away at work while daydreaming about a financially free existence. If you have a home and an Internet connection, you have a solution: Airbnb hosting. *Get Paid for Your Pad* is the veritable blueprint on how to transform your home into a short-stay rental boon. Renting in the short-stay market, when done correctly, crushes the return from long-term tenants. Like hundreds of thousands of people, you can boost your profits by two to three times with the most well-known short-stay marketplace in the world: Airbnb.

Customer Reviews

You can safely skip the first ~20 pages if the story behind the book is less appealing, or you could simply rather get down to business. *Get Paid For Your Pad* is a step-by-step introduction to the world of renting out your space on AirBnB. It certainly isn't rocket science, and a few hours of messing around on the site would make your listing serviceable. Hearing the best practices from someone that's made 6 figures on the site, however, is worth the time to read and set things up correctly. The authors correctly note the processes into making a listing work are not just the online listing, but the offline components of making a guest stay as perfect as possible. A number of clever hacks and tricks lit up the *Get Paid For Your Pad* hadn't thought of that light bulb, and it's clear the step-by-step design has been well thought out. It's well-formatted with bullet points and a number of colorful

action / ÆfÂçÃ â ÑÃ Æœdo-this-nowÃfÂçÃ â ÑÃ â„ç type boxes. It was published in August 2014, and the advice will stay relevant for years to come.

I've had the pleasure of knowing Jasper, co-author of "Get Paid for Your Pad" for several years. I've interviewed him twice for my podcast. He always has great information to share about entrepreneurship, travel hacking, and creating your dream life. He walks his talk. His advice on Airbnb has been indispensable and helped me go from beginner to expert host in a very short time.

Lots of great information laid out in a logical manner, seems to tell you everything you would need to know to be successful. I haven't put this into practice yet, but it looks like a great playbook.

I have a few decorating books, some housekeeping books, I pin all kinds of articles on how to make a lovely bed.... I am not planning on doing an Airbnb at any time BUT have been blown away by some of the great Airbnb rentals I've stayed at. This book is awesome at telling step by step how to even make your guest room inviting! It is really what I've been looking for to try and add that special hotel/b&b feeling.

I purchased the Kindle version of Get Paid for Your Pad in 2014 along with a few other books about Airbnb and this has become my favorite go-to reference for myself and my partner in our own property/listing. It is also the one that I recommend to new hosts as a great starting point as it is well structured and easy to read. As well as covering the nuts and bolts of setting up an Airbnb and the benefits of doing so, the author also relates his own personal journey from stressed-out employee to fulfilled world traveler and how hosting on Airbnb has provided the means for him to make this transition. Whether you're already a host, new to hosting or just plain curious about Airbnb and what it could offer you, I would recommend this as a great resource that you will dip into and benefit from time and again.

a lot of the guidance is common sensical and some of the suggested platforms have pivoted business models since this book was released but it is an easy read and I found some nuggets of info that were useful so i have no regrets

Great book! It really helped me to improve my listings and boost ranking among other listings in my country. My highest recommendations! Thank you Jasper!

I am considering investing in a property to rent out on Airbnb. This book gave me great ideas about how to make it more successful and what to look for in a property. It's also fun and easy to read. I couldn't put it down and now I'm going to subscribe to the podcast to learn more.
