Ideas & How-To: Stone Landscaping (Better Homes And Gardens) (Better Homes And Gardens Home)

Synopsis

This book offers inspiring and creative ideas for using stone in the landscape, including water features and rock gardens, fireplaces and fire pits, and archways and grottos. Materials comparisons, construction specifications, and the basic techniques of working with stone are presented in detail in an easy-to-follow final chapter. Large and small projects are covered, from columns to sheds and pool houses. The process of choosing and managing landscaping professionals is also covered in detail.

Customer Reviews

The iconic BETTER HOMES AND GARDENS brand is one of America's most trusted sources for information on cooking, gardening, home improvement, home design, decorating, and crafting. Today, the brand encompasses books, magazines, and digital media.

This is a good book if your looking for ideas and pictures, but it is very weak on actual plans and installations.

It has great pictures, but didn't give any advice on how to create a rock garden or walkways.

Lots of nice pics and ideas

This is a great book, I have several projects that I have started in my yard but this will give a huge amount of insight, and hopefully keep me from making mistakes and do overs.

Great book with motivating ideas.

love it,very informative

Not what I thought it would be like.

The pictures are very good and show numerous ways to use stone in the landscape for all types of terrain.
