I LOVE IT. I had a lot of fun getting to practice with these. A lot of these are useful for making signs and other stationary uses.

I love this book! I love caligraphy and this book gives you like a history lesson and shows you how to write it!

This book is a must-have. So different from all the other calligraphy books with 'new' scripts

Excellent! My husband Lewis, who is the calligrapher in the family, finds it very useful.

I liked the format that each style was presented. It's been a while since I've had a chance to practice my calligraphy skills. This book has given me an idea on how to get writing again.

Very informative with lots of different styles from beginner to experienced calligraphers. Just what I wanted.
