Johnny Cash Reading The Complete New Testament

Synopsis

"I wear the black for those who've never read or listened to the words that Jesus said." Johnny Cash Listen to the New Testament (New King James Version) read in its entirety by music legend Johnny Cash. After 20 years of encouragement from his mother to record the Bible, he approached the recording of the New Testament with "fear, respect, awe, and reverence for the subject matter". Cash added, "I also did it with a great deal of joy, because I love the Word." Johnny Cash Reading the Complete New Testament is 19 hours of the Word of God from one of the most distinctive voices of our time.

Customer Reviews

For a few years now we have been looking for a Bible for our Mother who enjoyed reading it just before she retires for the night. When I found this one, I purchased it and sent it to her. She is now 89 yrs old and living with our brother. This is because of a few reasons, one is the continual losing of her vision, another is because of the lost of hearing in the left ear which is throwing her balance off. Since she has moved in with our bother she had a stroke and now is unable to sit and actually read the Bible. We looked in to getting the entire Bible on cd but most of them were with a lot of background noises like music or people talking which was very confusing for her. Getting this Bible by Johnny was a God sent as now for the first time she was able to hear the New Testament and loved listening to it. She always loved the King James Version of the Bible but as she got older the language was difficult for her to understand but now she really enjoys the text and is beginning to understand it again. This is a wonderful find.

I'm so glad my son told me that Johnny Cash had done this recording, and was thrilled to find it on the Internet at a reasonable price. It's very calming and strengthening to be able to listen to Johnny's wonderful voice reading the Bible as I travel around doing appointments, errands, etc. Excellent purchase.

Gave as a gift. They were very happy with it.

This is a great audio Bible. No distractions, just the Word of God being read aloud. I find it odd to have a Bible that is covered with pictures of Johnny Cash - I got it because I wanted an audio Bible that was not dramatized and did not have music. All the other voices I previewed sounded really annoying to my ears. Johnny Cash had an excellent reading voice and is easy to listen to.

I thought I was buying the King James Version and disappointed in that it wasn't but other than that it is great. What I've enjoyed most is he feels and respects what he is reading - he is not reading it like it is just an ordinary book.

Johnny Cash has a sincere soundiung speaking voice and echoes the familiar bible passages beautifully. It is nice to listen to and be able to repeat favored portions.

I purchased this as a Christmas gift for my 18 year old son. He is a senior in high school and wants to go into the ministry. He loved it.

It came speedily and very well packaged. It was a gift for my husband and he loved it!
