I really love it. My favorite parts are when you told your brother sorry and said that he has to spend time by himself.

My cousin is the author of this book. I love it

Love, Love this book. The thought that a 7yr old wrote it is amazing to me. I can't wait to read her next book.

My children absolutely love this book. They enjoyed role playing each step as we read the book. Looking forward to purchasing more books for this young inspiring author and expert.

I love having this book as part of my classroom library! All of my students are African American and finding texts that they relate to is a primary focus of mine. The fact that this book was written by a girl their age was eye opening for so many of them. They were able to see that, even at a young age, you can achieve your goals and dreams. Excellent job on an adorably cute book, Nia Mya!

My granddaughter loved this book. She and her brother have a classic sibling rivalry relationship and this book has shown her ways to deal with her younger brother. She is 6 and he's 3 and they can have some knock down drag out fights. lol

Cute book. Pictures were very colorful and inviting. I read this to my 6th grades, not only for enjoyment but for them to see that with a little effort they could achieve whatever they wanted.

Teaches how to be a big sibling. Great addition to our library!
