## Customer Reviews

Explore the world through accurate and up-to-date mapping.

The most up-to-date map I could find. The one I got is laminated. It includes South Sudan, is beautifully done, and though I received it a little late, it was well worth it.

Perfect size exactly what I wanted!

Great

I ordered this map in April, and just received it in September. It was supposed to arrive in JUNE! Not only did I wait forever for this item, when I finally received it, it was not laminated. I was hoping to be able to write on it with a water soluble marker with my 2.5 year old daughter, but now I can't even use it for the purposes that I wanted. It is also very flimsy (the gsm of the paper they used must be the lowest quality possible). This is the worst purchase I've ever made on . If I could give it zero stars, I would.

This is a great product. Good value for money.
