Wasn't familiar with this brand and was looking for Michelin which I've used and very much enjoyed over the years (particularly owing to their various details of road quality + scenic routes). Found that this Marco Polo map was very much the same, including all the same details I've enjoyed on Michelin maps. Quality of paper, color printing, etc., might even be a bit better. Order with confidence.

Incredibly detailed and sturdy. Huge. Need to look at it on a table, not in the car.

Remarkably detailed - but don't try to fold it in a windstorm.

Big, but detailed and easy to read. Shows areas I needed to get to. Easy to follow. I would buy again

The map is very large--I use it on the dining room table. Its easy to read and to calculate distances. I would have liked more detail for a few of the bigger cities.

Looks very detailed. Maybe a little to big to be easily handled

Ok to use in a car Too big to carry around

Definitely met expectations.
