Hand Embroidery Basics: Learn How To Hand Embroidery Basic Stitches And Techniques

Synopsis

Hand Embroidery Basics Learn How to Hand Embroidery Basic Stitches and Techniques In her book, Hand Embroidery Basics; Learn How to Hand Embroidery Basic Stitches and Techniques, Florence Schultz teaches you how to embroider. This book is geared toward absolute beginners and teaches you all about embroidery floss and embroidery equipment, basic stitches and techniques, to a quick tutorial on counted cross stitch. Florence uses easy to understand instructions and step by step illustrations to teach you the basics of hand embroidery. Surface, or hand, embroidery is a time honored craft. It has its roots in the ancient world and has been used for many centuries to embellish garments, religious vestments, home décor, and many other projects. In this book you will learn all the basic embroidery stitches. Running Stitch Straight Stitch Outline or Back Stitch Split Stitch French Knots Satin Stitch Raised Satin Stitch Long and Short Stitch Blanket Stitch Lazy Daisy Chain Stitch Threaded Running Stitch Each step is clearly explained and illustrated with large clear images. Florence's style is laid back and relaxed. She shares tips to help you begin your lifelong journey with embroidery. Next she teaches you the basics of cross stitch and gives you an overview of counted cross stitch. Florence explains how to start a counted cross stitch pattern and how to find the center of your pattern and cloth. She also gives you tips on how to start and stop without the use of knots. This book is an excellent resource to learn how to hand embroidery and even experienced embroidery artists will find her style refreshing. Be sure to get your copy today. If you've always wanted to learn the art of embroidery, but thought it was too complicated, this book is for you. With easy to understand instructions you will be taking needle to fabric in no time. Customer Reviews

I think this a very helpful and detailed book about an ancient technique which is Hand Embroidery. I like that it has many illustrations, which some books lack. It teaches which equipment and types of fibers should be used and it shares some nice basic Hand Embroidery stitches and techniques. It also speaks about cross stitch basics, all with illustrations. There are also examples of different Embroidery styles, including Traditional Mexican Embroidery, which I find very interesting and beautiful. Interesting book from which one can learn a lot about basics of Hand Embroidery.

I never knew that there was so many different embroidery stitches. It shows the stitch with a picture of it, then a detailed description of how to do the stitch. I will be looking at this book many times.

Embroidery is a very artistic and creative kind of art before and even today. I remember doing it when I was in junior high school. The basics are easy but still it needs a lot of patience to finish a piece of art. This is a great book plus the illustrations on each of the examples of stitches are clear. My grandmother will love this book for sure and I will be sharing this to her.

Easy to read. And follow. With great. Pictures. Grand daughter. Could. Read. With out problems. Thank you. For the book

This book provides a comprehensive list of all the basic stitches of Hand Embroidery. You will learn how to replicate these basic stitches, and many more.

Instructions were clear with sufficient information to encourage learners to give it a go. Can't wait to start on my own piece

Book is short lessons in basics. Makes reader want to see and learn more stitches. I will continue looking for kindle book with greater selection of stitches.

This is a quick tutorial on basic embroidery. The book shows the good techniques to learn this fast. After reading this, I realized that hand embroidery is much better than machine embroidery because the stitches is very thorough. This book easy instructions and step by step illustrations.
