# Sweet Valley High #4: Power Play

## **Synopsis**

JESSICA WAKEFIELD IS used to setting off sparks. But when she starts a new, highly selective club—the Sweet Valley High Beautification Committee—she begins a war with her twin sister. Elizabeth knows that Jessica has more on her mind than simply cleaning up the SVH campus. It's obvious that the Beauties are out to become the most elite group of girls at school, even if it means walking all over those they deem less worthy. Only one Wakefield can reign supreme. And Liz is determined to show Jessica that the final say on beauty won't come from a committee vote.

## **Book Information**

Series: Sweet Valley High (Book 4)

Mass Market Paperback: 194 pages

Publisher: Laurel Leaf; 1st edition (August 26, 2008)

## **Customer Reviews**

Francine Pascal is the creator of many books for young adults. She lives in New York City and the South of France.

This book features some of Jessica's nastiest and most selfish behavior as she and her sorority pals gang up on overweight Robin, a girl who wants to join their clique. Elizabeth tries to help Robin, but her plan may backfire because it relies on help from notoriously self-absorbed Bruce Patman. Looking at Jessica's nastiness through 21st century eyes is illuminating -- when I read this book as a girl, bullying didn't have nearly the attention that it does today. As a result, the casual treatment of Jessica's cruelty is sometimes jarring. Despite the subject matter, this is still a fun and

light read that doesn't go too deep. At the end of the day, even Robin doesn't seem too upset by what happened. Some of the reviews of the paperback version note changes to the text. As far as I can tell, the Kindle version duplicates what I read when I was young (that is, the Wakefield twins are described as size 6, not size 2). If you want to read the original, go with the Kindle version.

When I was younger I use to love this book series. I ordered it as a gift for my daughter. I wanted to try and get her into reading. She is a teenager and her main interest is her electronic gadgets. This series seem to have done the trick. She enjoyed the book. And keeps bothering me to buy her the rest. The book came quickly and in excellent condition. I am purchasing the rest of the series.

### I LIKED THIS BOOK VERY MUCH!

Best series ever

Brought back so many great memories!! I chose the five star rating because it is easy reading and I could relate to the story back then and all these years later I can still relate to how the author conveyed the trials and tribulations of the twins!! I would definitely recommend this story as well as the series to anyone. Way to go !!

don't like this modern version... it was unreal enough when the twins were a size 6 in the 80s/90s, now that they are smaller, you have lost me as a fan... I will hold on to my old copies, and let my daughter read those, not these new ones

don't like this modern version... it was unreal enough when the twins were a size 6 in the 80s/90s, now that they are smaller, you have lost me as a fan... I will hold on to my old copies, and let my daughter read those, not these new ones

After reading some of the pages in the preview, I realized it's not the original version, but a modernized version of it. I really wanted the original.
