Nice and new but tears EASILY.

This was the required text for a class I am taking and I ended up reading it for fun as well! The text is really interesting to read for anyone interested in Nutrition. The text is easy to accompany and gives good details and examples.

Good book . Very detailed

Over priced as usual but a great book

Book was in good condition BUT access code was already used. Not happy at all with this purchase!

Very useful I would recommend it if you are interested in learning the basic on healthy eating
