John and Sonja Decker are ordained teachers and evangelists with the International Church of the Foursquare Gospel. Their book Doing What Jesus Did and curriculum The Ambassador Series are being used worldwide to equip Christians to do the work of the ministry. To date, they have ministered and taught in more than forty countries. They reside in Bend, Oregon.

I highly recommend this to anyone wanting to fulfill God's will for their life. Many books emphasize self focus for personal growth as Christians. But, being like Jesus by ministering to the needs of

others is what DWJD is all about. It doesn't compromise the Bible by watering down the supernatural. If there is a cry in your heart to grow spiritually and do greater things with God this will help you do it. The harvest of hurting lost souls is all around us, this maybe the best book on truly fulfilling the Great Commission in practical ways.

This book is a wonderful blend of foundational Christian doctrine and evangelism. It's the answer to the question "how do I go into all the world and preach the gospel when I feel like I don't know what to do?" It is a practical straight forward approach to teaching Christians how to live out our faith, without being weird. I've met the authors and they are genuine, real people who simply love Jesus and take seriously the command to go!

Applicable read for all Christian believers, but especially those who are not satisfied with the status quo church on Sunday approach to living. This book is a how to guide from the Bible on how to live a first century faith journey in the 21st century. I highly recommend.

What does it mean to be a Spirit-filled Christ follower you ask? This is the book for you. Definitely a book that will challenge and encourage you to live and do what Jesus said we would do as His followers. Incredibly life changing. A must read for all believers.

Wonder course!

Very good to inform your power and all believers they have in Jesus.

Excellent book, solidly based on Scripture

Good Book! Arrived in time and it is exactly what I wanted to read and get information. Recommend it! Good!
