The Constitution Of The United States

Synopsis

Pocket Edition of the original Constitution of the United States (with Index), and Declaration of Independence. The National Center for Constitutional Studies has printed a special edition copy of The Constitution of the United States that has been proofed word for word against the original Constitution housed in the Archives in Washington, D.C. It is identical in spelling, capitalization and punctuation. This 52-page pocket sized booklet contains The Constitution of the United States (including The Bill of Rights and Amendments 11-27) and The Declaration of Independence. On the front cover there is a picture of George Washington holding a quill in his hand, inviting each of us to pledge our commitment to The Constitution of the United States by maintaining and promoting its standard of liberty for ourselves and our posterity.

Customer Reviews

Take a minute to consider a gift that hasn't gone out of style in more than 200 years. --Wall Street Journal
Who needs play-stations when you can give the kids Thomas Jefferson?
--Independent (U.K.)

Founding Fathers of the United States, also known as the Framers, Fathers of Our Country, or the Founders, are those political leaders who signed the Declaration of Independence and/or the United States Constitution or otherwise participated in the American Revolution as leaders of the Patriots.

This version is annotated by Richard Beeman, a genuine, non-ideological constitutional scholar. It is NOT the right wing/Skousen/LDS version described in many of the critical comments. For some reason, has applied the same set of comments to multiple versions of the Constitution, which makes it virtually impossible to determine which ones are worth buying - and reading. This version is well worth buying and reading, and reading again. In addition to the text of the original documents, it offers excellent historical context including a discussion of how the various articles and amendments have been interpreted by courts (not ideologues) through the years. It's a very valuable resource. UPDATE: In a comment to this review, RedRocks explains that if you try to order the paperback version of this Penguin guide, you'll actually get the Skousen/LDS version instead. (My brother confirmed this.) Kindle orders get the correct Penguin version. needs to correct this - RedRocks has complained about it before but has done nothing.

Large font easy to read. No Skousen nut case secessionist commentary. Just as it was written by the founders.

Every American should own (and Read) this book. It was written for Us! Very highly recommend.

Very nice!!! This little guy is a considerably higher quality than I expected, and I'm totally giving some out as Christmas gifts this year!

History of the United States is a VERY difficult thing to understand. In these times we all need to know how the country was set up and what are our rights and responsibilities as citizens. In these times where leaders of this country are proposing law changes, for what ever reason, we must know what they are doing and how it will effect us now and in the long run. People all over the world want to know what their rights a citizens of that country is, and for the cost of a dollar, you can learn your right as a citizen of this country.

I think Thomas Jefferson did an excellent job! I wanted to reread our constitution to look up what was needed to amend it, very important when considering there most important political subject confronting us is how we can reverse the consequences of the Supreme Court's diabolical, political, decision, Citizen's United (a misnomer), that has resulted in billionaires buying our elections. The Constitution provides a "end around" way to amend by going through state legislators (avoiding a bought congress), even by conventions formed in the states. Our forefathers were brilliant! Too

difficult to amend our Constitution? It can be done! This is the age of the Internet! Every citizen should have a copy of the Constitution. And, the price is right. It's free on .

I purchased the leather bound edition. It arrived in pristine condition and well packaged. It will be a nice addition to our library and looks quite handsome on our coffee table right now. Includes the Federalist Papers which I have not laid eyes on since high school as well as several other historic documents. The Constitution is in the back of the book. It has a table of contents but I did not find an index. Pleased with purchase. Good value.

This is a wonderful source of info about our government. It includes not only the copy of the Constitution but also includes all amendments. Yes , I admit, it helped me recall important info coming in the form of a slender booklet. The cover has a picture of G. Washington on it holding out a pen. Interpret that as you please. It sits in my purse just in case I need to check out some info which, I admit something I should know, but don't. Thank you for the generous one dollar offer. It is worth much more.
