Diane Stresing grew up in Columbus, moved to the Cleveland area in 1989, and currently lives in Kent, OH. A genuine Buckeye, Stresing received a B.A. in journalism from Ohio State University. When she's not hiking, biking, or spending time with her family, Stresing works as a commercial freelance writer, providing newsletter copy, Web content, and news and magazine features to a variety of clients.

I bought this book thinking it would include hikes from the previous book, which it did not. So I

ended up buying the previous book also, bc the hikes were more what I wanted, but both books are very good. They are very clear on where the trails are, how crowded and strenuous they are, the type of surface. I found both books to be very good.

It's a nice reference book. I like the maps also. Since I prefer to actually hold a paper book when I read and put tabs on pages to mark them, etc this works well for me. However, if a paper book doesn't matter to the reader then this information can be found on the internet. I found an issue with accuracy of a park I visit about 3 times a week. I only mention this one park because I have travelled every inch of it so I can comment on it due to a wealth of experience. I would be disappointed if I traveled a distance to visit "my" park. The park is awesome for what it is. But it's not as awesome as described in the book. I won't comment on any descriptions of any other park because I simply have not visited them as much.

Really good, current & helpful info for hiking near Cleveland, OH. Includes GPS coordinates.

Bought as a gift. Recipient is enjoying the book & the information!

Great book!
