30 Covert Emotional Manipulation Tactics: How Manipulators Take Control In Personal Relationships

Synopsis

Learn the manipulator's game, so they can't play it with you. Identifying covert emotional manipulation is tricky. You sense something is wrong, but you can't quite put your finger on the problem. This powerful book will reveal to you if manipulation is at play in your relationships. It will open your eyes. You will learn thirty tactics manipulators use to get what they want. You will also learn to spot the warning signs within yourself that expose covert manipulation is taking place, even if you can't identify the specific tactics being used. This book is geared toward romantic relationships, including those involving a pathological partner. Even so, many of the manipulation tactics are the same as those used by family members, coworkers, friends and others. Covert emotional manipulation tactics are underhanded methods of control. Emotional manipulation methodically wears down your self-worth and damages your trust in your own perceptions. It can make you unwittingly compromise your personal boundaries and lose your self-respect, and even lead to a warped concept of yourself and of reality. With your defenses weakened or completely disarmed in this manner, you are left even more vulnerable to further manipulation and psychological harm. Empower yourself and get your life back! "An excellent and concise guide to emotional abuse. Here is a concise listing with well written descriptions of each method and tactic of emotional abusers. In my opinion everyone should read this book. Forewarned is forearmed." "Clear, concise, accurate portrayal of complex subject matter impacting many people. I appreciate the accessibility to the general public of a topic that is often overlooked, but impacts morale not only in romantic relationships, but in the family, at work and in myriad social situations." "Wow. What a sap I've been. I've been victimized by a control freak domineering wife for nearly 30 years. I knew I was passive but I had no idea how cutthroat she really was. Very eye opening." "This author nails it. Some examples were direct quotes from people I know, so I know I am not alone in having been manipulated. It is directly applicable to my life and gives excellent guidance for how to recognize and therefore avoid manipulations in the future. I am recommending it to a number of my friends." "At first I thought this was another of those "little books" with no content. I went ahead and got it anyway. Immediately I realized I was wrong. Good choice." "Knowing the tactics made me far less emotional about what has been happening, better able to deal with the manipulation. Consequently, I look less crazy, I count that as a win!" "BRAVO! Everyone should read this... if you're in a controlling relationship, man or woman, this will help you spell it out. Don't let these people in at ANY cost..it's not worth your LIFE" "Short and right to the point. Worth re-reading and, because of the format, it was easy to locate points that I wanted to find again. This book provides instant clarity." "Must read for anyone who interacts with other people, ever! VERY useful information

everyone should be aware of!"Great! This is one of those great little book that you come across once in a while. The book is short because it left all the bulls*** and fillers out!"Excellent! Customer Reviews

I thought this was an informative book, albeit a bit too short. All in all, I think 30 Covert Emotional Manipulation Tactics was informative and clearly written by a person who has lived with manipulators of all sorts. If you've ever thought you were crazy, or that you just can't figure out what's going on with a person in your life, this book can help.However, the author, AB Admin, referenced another book in her/his book, called: "Who's Pulling Your Strings" by Harriet B. Braiker Ph.D. The "Strings" book was very informative and basically a step by step of how manipulation

works and how to deprogram yourself. I found both books helpful.

As I read this book I was shocked to see all these confusing emotions I have, all the self doubt and questioning my sanity are a result of my being manipulated. Of the 30 signs my husband displays 26. I have escaped but I am an emotional wreck. This book has helped me understand that it is not my fault. That I have been controlled. This has helped me stop my endless loop of self recrimination over the failure of my marriage. Now I need to deal with the shame of being so successfully duped.in

Trust your gut, medical journals often refer to gut instinct as the "second brain ". If you get the feeling something isn't right, read this book. It will either dispel your fears, or confirm your suspicions. Don't wait until your health is severely impacted. You can hope, pray and jump through hoops to no avail...better to RUN, don't walk!

The fact you are considering purchasing this book confirms everything you already suspect. All I can say is "Wow, I am not crazy." Gaslighting; among many dysfunctional behaviors of narcissists. What I thought to be a personal, crazy-making struggle in an unhealthy relationship was, in fact, a diagnosable set of traits and behaviors of narcissists and individuals with attachment disorders.

The 5 star rating is deserved. It seems Ms. Birch has been a fly on the wall of my life. I've gained enormous insight into my motives...the manipulators motives. Loving you isn't on the radar. I recommend this book...reading it will be your first step to emotional freedom.

Very Short but Succinct. The beginning of the booklet gives an exact review of your entire relationship with the narcissistic personality. If you had any doubt your experience was unique to you, this will dispel that misconception and allow you some peace that you were/are not crazy for what you felt over time with this person. Short and accurate descriptions of the key misbehaviors you can expect from these personalities.

I would like to thank the author for an eye opening experience! This book has clarified more for me than I have ever understood in my entire life time. I am a victim of emotional abuse and have been muddling thru life in familial , romantic relationships as well as friendships. Why, because I am kind and thoughtful, the type of person that would give you the shirt off her back. It doesn't matter what

type of relationship that you are in, it can be straight couples gay couples, relationships between family member, co workers ,any kind of relationship, you must read this book. It will be as if a light switch was turned on in your brain and your soul is sitting up and paying attention. The book is not full of rhetoric situations of other people's lives. The author does not fill the pages with information that you do not need or can benefit from. It is straight forward the author tells you exactly what you need to hear.To the author, again thank you for opening my eyes.

This is a short, easy to understand, textbook on manipulation tactics. I highly recommend it to anyone; people who don't yet realize what's happening to them, seekers of understanding and peace, loved ones of persons being manipulated, healthcare providers, criminal justice, and seasoned survivors trying to stay on top of their manipulation detection game. Don't let the modest price tag on this fool you-the information inside is worth far more.
