Customer Reviews

This is awesome! I bought this for my third and it's a real calendar so you get to record milestones each day because it's right in front of you vs a baby book. I will still buy a baby book (but still haven't!) and will just get the info from this calendar! Love it! Also great that it isn't primaries with dates so you can set it up how you want it

Comes with a lot of cute stickers to note baby's firsts. Very nice artwork. Well laid out and an easy and memorable way to track baby's progress.

I bought these as shower gifts and was not disappointed! They are heavy gauge and glossy. I loved the idea of keeping track of baby's development in the first year easily and with cute stickers! It will make a nice family heirloom.

My wife loves this thing even though she never fills it out on time. But its cool if you care when your childs first poop was!

Very cute calendar! Nice quality and so easy to use. The pictures and stickers are adorable!

Absolutely necessary for recording all the fun stuff with a new baby! Buy it!

Very cute, lots of space for notes. The stickers are great...

Cute but a lot of the stickers are decorative with no room to describe a milestone or important date. Also, it would've been nice to come in a case for safe keeping. You get what you pay for I guess.
