Synopsis

The Cat in the Hat pops right off the page in this Pictureback with 3-D glasses! Sally and Nick want to paint rainbows, but they don't know what colors to use, or what order to put the colors. And where do rainbows come from, anyway? The Cat in the Hat is not quite sure himself, but he knows someone who will know—King Kaleidoscope, ruler of Colorgalore! So it's off to visit the King in this funny, fact-packed book based on an episode of the PBS Kids show The Cat in the Hat Knows a Lot About That! featuring 3-D artwork on every page—and a pair of 3-D glasses!

I bought this book to read to my class, big mistake. The 3D glasses must be worn to view the pictures or else they are super blurry and almost give you a headache.

my granddaughter loves rainbows. This book was well received. She is 7 years

My daughter and I love the Cat in the Hat Knows a Lot About That learning library. We have about 10 books in the series so far, and we have loved all of them. I bought this book for her as an end-of-summer-vacation treat, and though it isn't bad, it was not like the others in the series. First off, it was paperback. Most of the others in the series are hard-bound, and I was expecting the same format. Bit disappointed. Secondly, the 3-D effects are just OK. Nothing really pops out of the page, but it was a nice little twist to the story which my daughter seemed to like. Lastly, unlike the other books in the series, the story was rather short (just 7 double-page spreads). \$5 seemed like a bargain at the time, but I guess you get what you pay for.

This was a Literacy Buddy book, my book-buddy sent me beautiful rainbow pictures along with her thanks-you note.

This item was a gift so I haven't seen it myself but was told that the child loves it and turns on every night.

great book for my granddaughter who loves rainbows.

My 3 year old nephew loves this book! I also bought him a rainbow night light to go with it.

Great book. The 3-D glasses would be good for an older child, but not too practical for a 4 yo.
