Slither.io Game Guide

Synopsis

Remember Agar.io? Slither.io is, in spirit at least, its sequel. It mixes the old Snake concept with a new multiplayer gameplay. Grow by eating little circles or by eating bigger or smaller snakes.

Customer Reviews

It was good because of the trapping advice I'm good at slither.io but now I'm going to be better yahh

I have not bought this item. My kid mistakenly clicked on the purchase from my fire. I want to cancel the order but I did not see that option. I am trying to get my money back.

You should not have to pay that much for something that this a minute you should like for something chapter

Really good for people of all ages if they are new to this game, try to get Kindle Unlimited otherwise

it is a just waist of money (well not really). It has great strategies that you can use (I did not need to use them though because I already knew them all). I'm actually quite glad they put it on Kindle Unlimited otherwise I would of never EVER of gotten this. Thank you for reading

Game cheker, what's a "mitch"? anyway, i'd just like to say that this pathetic "guide" was horrible. it didn't make a lot of sense and there were parts that didnt make sense, and parts that were OBVIOUS

Man's own

Don't bother. This person clearly is not an expert and there is nothing in here of any interest. He can't even spell. I'd give it zero stars if I could. He tells you don't bother to chase the roaming cells because you can't catch them. Yes you can and they are worth a lot of points.

never ordered
