Customer Reviews

Every single year, my husband DRAGS me out camping. I don't hate it or anything, I just get SO SICK of the food. It's always the same. He occasionally catches fish that we'll have, but that's about the most exciting thing that happens. I can't believe I never thought of making campfire chili before.

The recipe is perfect! And the ingredients are easily transported. There's even a macaroni and cheese recipe, and when I saw it I couldn't believe my eyes. Gordon Rock is so creative and develops such great flavors in his recipes. He's definitely my favorite author of cookbooks and I recommend any of his books due to his innovation

Finally. I can't stand when someone goes camping and only packs potato chips and hot dogs. It's so boring and almost defeats the purpose. I like to enjoy cooking over the campfire, but you run out of recipes pretty quickly over the years. The breakfast potatoes recipe in this book is quick, amazing, and great over the fire. The perfect amount of crisp on them. The beer pancakes are pretty good also and really convenient since, of course, I already have beer with me. If there's ANYTHING negative to say about this book, it's only that you'd have to pack healthier ingredients, but that's good news for me.

What a cool idea! I've never been much of a camper, but the family wanted to go on a big camping trip with everyone, so we're going too. I can't wait to try some of these recipes! I got all the ingredients, and my kids are doing the campfire cooking! So much fun! Thanks for the great ideas.

I love my cast iron cookware and here's a cookbook that celebrates its use. Pantry friendly, easy to find ingredients and easy to follow directions.
