I had taken a psychology class and learned about subliminal messaging in college. I was somewhat skeptical but when I found these tapes I decided to give it a try. I used these tapes 25 years ago

and was in the best shape of my life! I was so excited to find these again and I can already see a change in my behaviours. I plan on ordering many more!

I ave been using the Slim Image II tapes for a while. If you use them regularly, I use them at night in bed, behavior modification messages are implanted in your self conscious. It has proven to be an aid to get me back on track with weight loss.

I used to have the casette tape and finally upgraded to the CD. I'm so glad I did. I feel so good after listening to it, and the programming is really sinking in. I've been listening every night for 2 weeks and I can see a big difference in my outlook on life, the way I feel about myself, and most importantly my eating habbits! I encourage anyone who is on the fence to give it a try!!

He uses affirmations and relaxation to help you with your self-image. It really helped me in my journey of weight loss. I still listen to the tape once a day, and along wtih diet and exercise, the pounds are coming off!

I looked online for the Love Tapes, Slim Image II for a friend who is ready to lose a lot of weight. It wasn't until I saw 1981 that I realized it's been over 40 years that I so easily lost nearly 100 pounds by just listening to Bob Griswold's WONDERFUL tapes every day. After over 40 years, without even thinking about it, my weight is still at my 'goal.' That in itself is AMAZING... and I get to eat chocolate, ice-cream, and all the other 'sins' as before. I've never felt deprived, guilty, or self loathing since listening to these tapes. This man does an EXCELLENT job on all the tapes/CD's he produces. I HIGHLY recommend them. If I could give a rating of 10, that still wouldn't be sufficient.

I use this at home when I am relaxing or right before sleeping. Very positive and supportive. It is suitable for use with all diets. I am finding it does help me stay on track with my diet and is extremely helpful to combat those kinda blue feelings you sometimes get when dieting.

This tape tackles weight loss as a body image issue. Side one is a relaxation session, using visualization techniques read by Robert Griswold. Side two has flute/new age music with subliminal messages only. The tape is fairly short, but effective.
