In My Dreams I Walk With You

Synopsis

One day a promising professional golfer. The next day a paraplegic. Twenty-seven courageous years later, he still hasn't given up. At age 24, Dennis Walters had aspirations of making it on the PGA Tour. It had been his lifelong dream. Then, he suffered a tragic golf cart accident that crippled him for life. His story talks about his rehabilitation and how he found golf again and rebuilt his life and now is regarded as one of golf's greatest showmen.

Customer Reviews

This is the first time I have ever felt compelled to write a review on a book that I have read. Please understand that I have known Dennis for over 30 years and that I may be a bit biased, but this is a book that is important for people to read. This is the story of a regular normal everyday person who has soared over what life has dealt him. Dennis has found a way to follow his dreams and do the things that are important to him overcoming every obstacle in his way. The book evokes every emotion as you read about his life and his struggles. This is a great read for golfers and non-golfers alike with its lessons on how to deal with life. Buy it and share it with others.

What an inspiration this book was for me. To travel all over and make people enjoy the game you love after over-coming many obstacles and handicaps...this book can inspire those who love golf, dogs, traveling, the pursuit of a dream! Truly, something I will remember

This is another of those pity party books. Really, just another poorly written book that has no

redeeming qualities.
