44 Secrets For Playing Great Soccer

Synopsis

DISCOVER:: 44 Ultra-Powerful Secrets That Will Unleash Your Full Soccer Potential, Today! Have you ever wanted to learn how to score more goals but felt there was always something that was missing in your skills? I bet that you have watched other players scoring goals and wondered; how are they doing it? Well, there are a few secrets that will make or break your goal scoring. In this book I will reveal exactly each of them and give you examples on how I used them in my career to score more goals. I wager that without these secrets you will never score more goals during your career! The key to succeeding in soccer is not to have the most powerful shot, being a true dribbling star or being a speeding bullet. Sure, all of these ingredients are important, but they are not even close to being a smart player. You see, soccer is like chess -- if you are able to predict your opponent's next move you will likely win the battle. On a soccer field, this is no different and I will explain how you can be one of these smart players who direct the game like a well oiled orchestra.

Breaking Down Struggles Is Necessary for Soccer Success – Let Me Show You! –

Let's take a soccer subject most people struggle with: ball handling. If you have ever practiced ball handling I'm sure you've faced a lot of frustration because you could not get it right. The fact that your teammates make it look so easy makes you even more frustrated. I've been there and done that as well until I realized that there was actually a shortcut on gaining better ball skills by using a simple method highly popular in South America, especially among the Brazilian players. You'll hear more about this in the guide. There is nothing more disturbing than having an opponent chasing you all the time and trying to provoke you with all kind of tricks. Luckily, there is one strategy you can utilize to turn this against him and turn his behavior to your advantage. The trick is to know how to avoid responding to his behavior which is actually easier than you think; you just need to switch your mind into another mode and I will reveal how.

DOWNLOAD:: 44 Secrets for Playing Great Soccer

When you download 44 Secrets for Playing Great Soccer, you'll learn – How to think like a predator on the soccer field

The real way to handle the ball smooth and flawless, every time!

How to out-think opponent's without falling into their weak schemes and traps

The best ways to work WITH your team, rather than against them

Better ball skills that will make you the talk of the team, if not the soccer community at large!

Customer Reviews

This three star rating is not because the book is bad. The information is fine. I just wanted to alert buyers to make sure they're reading excerpts from the right version. I bought it based on the excerpt from the paperback and then downloaded the kindle version. THEY ARE TWO COMPLETELY DIFFERENT BOOKS. The content is not the same. Maybe I missed something but I looked again and it still seems different.

Very good book, easy to understand and it helped my 10 year old son to understand soccer more easily. Since reading it, he stopped using fancy tricks and began focusing more on passing and analyzing the opponents more often.

Mirsad writes a great book. He has so many helpful hints and tips for all the Soccer positions played. He goes into great depth and explanations regarding the do's and don'ts of the individual positions he's explaining about. His book is a great addition to any player wanting to get better at this sport.

It's ok...not too in depth. More narrative than technical though

I haven't discovered any secrets.

Again, another great book by Mirsad Hasic to get you in the mood to play and improve your soccer game. Easy to read and follow!

Mirsad covered a wide range of topics in a brief but thorough manner that was easy to understand. I passed a number of his tips to my group of U-12 players. They have become better soccer players since I have started telling them about Mirsad's soccer tips!

Bought this as a gift for my 9 year old grandson. It will probably be a read together book with his dad. No pictures. He seemed excited to get started on it as he loves playing soccer year round.
