Customer Reviews

Sweet stories, fun to read, and for the price a great buy. I like the characters and the stories. Fun to see the characters interact through the stories.

I really enjoyed this large Historical, Western Mail Order Brides Books Set. I voluntarily chose to review it. I've given it a 4.7* rating. For the most part, it is clean but a few did have some violence while it dealt with abuse, both verbal and physical. The Historical Western part gives some of the flavor of the past the women have dealt with, and still happens today. This is a great set for Mail Order Bride lovers.

Sweet stories of mail order brides for lonely men on the American frontier. They have original plots

and interesting characters. These are short novels that would be even better expanded into full novels.. I do wish the dialog did not include so many current words and phrases. But these are enjoyable to read, and like a large box of chocolates to enjoy.

These are sweet stories, that all end the same with a little drama, a little crisis, and the sweet declarations. Uncomplicated stories with which to wile away the hours.

The stories in this collection are sweet and clean. The stories were well written. Having previously taught English some words being used improperly was a bit unnerving but would not deter me from reading work from these two authors again. In fact, I will be searching for more of their work. I will recommend them to others.

Great collection of stories. All with Mail order Brides. Families finding their way in the West & creating new lives. Some brothers and needing to find wives to meet a clause in inheritance others finding the one perfect for them.

An easy summer read. It's amazing how many different story lines these authors come up with. I love historical romance novels. These are clean and enjoyable to read.

There are some really good stories in this set. All were good clean reading and if you like the mail order bride stories, this is well worth purchasing.
