Trust Me

Synopsis

From the award-winning author of *Unspoken Bond* comes a poignant story of two people's journeys to love and healing, and the extraordinary dog that inspired them both. Finally heading home to the ranch he inherited, **Brendon McMahon** has a lot on his mind. He's tortured because he needs to tell complete stranger, **Allison Hartley**, that he was the one responsible for her husband's death. As he is heading home, he saves a starving dog at a lonely rest stop. It's a pivotal decision that will change not only his life, but the lives others. **Allison Hartley** has finally made peace with the past, living through her own tragic events. She has built a new life with her son, and she now owns a successful local business. Staying busy fills her time, but not her heart. When she meets **Brendon**, her fluttering heart tells her he could be the one. As their love intensifies, so does the secret that **Brendon** holds, causing old demons to surface; ones that **Brendon** thought he had extinguished. Will the secret tear them apart or will they be able to weather the firestorm coming their way? A richly textured story with emotion and unexpected twists, *Trust Me* is a reminder of how fragile and precious life is, how life is a journey filled with love and despair, and how true love can inspire the hero within all of us - even the four legged kind.

Book Information

Audible Audio Edition

Listening Length: 7 hours 56 minutes

Crafts & Hobbies #1080 in Books > Audible Audiobooks > Health, Mind & Body > Family &

Relationships #1610 in Books > Self-Help > Relationships > Love & Romance

Customer Reviews

A wonderful story about a dog that was abused and abandoned by it's owner. His survival and how he was rescued and found his foreverfamily. Of course the story about the people involved gave the book the bonus you always enjoy.

This is a very interesting and believable story. It is very appropriate for young teenage readers and I would recommend it for anyone.

Well written and informational about a form of autism that I was unaware of as well as the extreme challenges in caring for a severely disabled child. The tie in with the dog and it's effects on the child was very interesting.

Another great book by the Author. I am on her last book as I write this review.

I thought it was well written. I felt bad for Butterball. I wasn't sure what happened to her until I found out towards the end of the book. I guess nobody missed Mr. Mercer, I thought he was a jerk.

I fell in love with the Lab on the front of the book but that is not the story. It is a story of love and a bit unbelievable. Alternatively being a hopeless romantic I still read it.

This is a great read! Several twists and turns, but a reflection of true values. Can't wait to read another of her books.

Brought the Bastrop Fire back in a personal way. Great human and dog love story. Close call ending, good stuff.
