Mandala: New Beautiful - Complex - Unique Patterns For The Best Immersion And (Adult Coloring Books - Art Therapy For The Mind Book) (Volume 2)

Synopsis

This book contains over 50 Beautiful, Creative, Complex and Delightful Mandala designs requiring full immersion for the ultimate in calm and relaxation. Why You Need To Pick Up This Coloring Book...Right Now! Do you remember coming home from school with your coloring book, proud of what you have done? As soon as you finish the first page in your adult book, you will be taken right back to those days. You'll want to interrupt your significant other so you can show off your latest work and when he/she turns around and says "that's nice", the sense of satisfaction you'll get will be unlike anything you've experienced before. The Possibilities Are Endless When you buy your own coloring book, you'll realize that the possibilities are endless. You will also realize that there is just something so appealing about coloring and that it is a great way for you to de-stress at the end of the day. With coloring books being more affordable than ever, there has never been a better time for you to pick up your own today.

in Books > Self-Help > Art Therapy & Relaxation #641 in Books > Health, Fitness &

Dieting > Alternative Medicine > Meditation

Customer Reviews

My biggest complaint with this coloring book is that I do not see the point in purchasing a Kindle reader version, and then having to download a PDF to actually print and color the pictures. It would make much more sense to just offer the PDF/printable version for purchase, so I can directly print, instead of having to go through multiple steps to get there. It seems like a small complaint, but if you think about it, purchasing this book as a Kindle book is like purchasing a CD that does not play, but

you get an mp3 version you can download with it...why wouldn't I just buy the mp3 then?Beyond that, the designs are quite beautiful, but when printed some of them are just too tiny to do anything with. You could color half or maybe a little more of the design, but a lot of the sections are so small even my sharpened colored pencil barely fits. It gets quite tedious, and I gave up without finishing the one I started.I would not waste your time with the PDF/Kindle version. If the actual printed book is larger, it might be better.I received this download for free in exchange for my unbiased review.

If you're like me and enjoy coloring as a way to unwind or de-stress, this is a great option for you. This was one of my first e-book purchases, and I was a little confused at first, but after looking through the coloring book and the seller's product description, everything was cleared up. After you download this eBook, flip through it and look at all the illustrations. There are several really neat designs, all of which are very detailed and complex. When you find the image that you want to color, go to one of the last pages in the book (71 out of 95). There you will find a link where you can download a PDF copy of the images and eventually print them. Once you print out your selected illustration, you're free to get creative and color away! I received this product for free in exchange for my honest review.

These are pics of beautiful very intricate mandala's. I highly recommend this book if you are really into mandala's. Only downfall with this book is that it is 2 sided meaning a picture on both sides of the paper other then that the artwork is just gorgeous. There are so many beautiful pictures throughout this book I am so impressed with the quality and the creativity that has gone into this book. Very relaxing for me to color not to mention helps to de-stress me after a long day. After downloading this on my kindle I just had to order the hard copy book to add to my collection. Broderick Johnson puts out so many creative coloring books I am sure I will have every one of them in my collection soon.

For those of us that love a mandala, this is the book. The designs are both intricate and large enough to color. The entire book has really awesome designs. Usually I buy a book and end up only like a handful of books.pictures. I love this entire book. Every page. Every design. I recommend this book very highly. I did NOT receive this book for a review. I bought it. Only drawback: the pages are not perforated. I like to take pages out and copy them onto a heavier paper, and thus ensuring the ability to color it again, perhaps differently. Great book, great price. Will definitely be ordering more of Broderick S Johnson's

Unlike their other adult coloring book, Abundant Life Colors: Motivation Book 4, this one, Abundant Life Colors: Mandala Book 2, had much more complex designs. These designs are quite beautiful, stunning, and intricate. It is like night and day between the two different books from this same company; makes it seem like they were made by different people entirely! Initially, there was an issue with the designs not showing up in Cloud, and their PDF download link linked to another one of their coloring books, but I contacted them and they took care of it and sorted it out quickly. So if you had this issue, it should be fixed now. Again in the PDF this one says "This book contains over 50 Beautiful, Creative, and Complex Animal designs to help improve your focus and relaxation." So they really need to proof read their materials and change where it says "animal" to "animal". Though this one really does, indeed, have 50 designs. The other book had some repeats in it, but it is hard to tell if this one does because of the type of designs, unless I physically print them all and compare them side-by-side, which I do not plan on doing! Since the designs are so much more complex and intricate, it does take longer to figure out how to color them and then it also takes quite some time to fully complete a mandala. That extra time, however, in my estimation, makes it more special, and afterward, makes you feel more accomplished in that you have finished something that detailed and is a kind of a proud moment kind of thing. I received this adult coloring book complimentary in exchange for an honest review.
