Hello folks, i'm an ambitious and talented art creator. I'm inspired by joyful moments in my life, by the cheering laugh of my daughter, by positive vibrations of poetry and music, by the beauty of mother nature and by sacred energy of life itself and i wanna share my inspiration with you my dear friends. Peace and harmony to all!

Cheap paper

I got my book two weeks ago and i'm still very surprised by the quality of it and awesome looking cover. Being a dedicated colorist and a huge fan of Mandalas makes it pretty difficult for me to find

that ultimate book that will serve my needs. This great Mandalas book turned out as a right choice :) There is a perfect mix of medium- to highly-detailed mandalas so me and my beloved wife will surely spend lots of relaxing and joyful evenings drawing our unique masterpieces:) We would like to thank the author, Elinorka, for such a good coloring book. Keep up a good work!!! We wish you a great success in this and your other projects and hope to see another book in the near future. P.S. To encourage you we did a small video review and a couple of photos to share with our colorist friends :)

Book is too small .

I love the variety in designs. These help me to relax. Love it. A few people made good comments, and a few were quite confused about how should she color, and I explained it is quite easy, the colors of the flowers are quite diverse, any color combination will be fine.

This is one of the most beautiful of the mandalas coloring books. Really spectacular art that is a pleasure to color.

Oh this book has really good mandalas on great paper..but images are printed on both sides!!

Love these mandalas! Great designs!

Great Mandalas a few too small for me to color but the rest is wonderful. Almost done with book.
