Dave Barry's Only Travel Guide You'll Ever Need

Synopsis

TAKE YOUR TRAVEL TIPS FROM DAVE BARRY, A GUY WHO IS REALLY GONE! Complete with maps, histories, quaint local facts (France's National Underwear Changing Day is March 12), song lyrics, helpful hints on how to get through Customs (all insects must be spayed), and tidbits from Dave Barry's own fond vacation nightmares, DAVE BARRY'S ONLY TRAVEL GUIDE YOU'LL EVER NEED is just that. You'll find everything you need to know in this incredibly comprehensive reference, including:- Air Travel (Or: Why Birds Never Look Truly Relaxed)- Traveling as a Family (Or: No, We Are NOT There Yet)- Traveling in Europe ("Excuse me! Where is the Big Mona Lisa?")- Camping: Nature's Way of Promoting the Motel Industry From the Paperback edition.

Customer Reviews

I've gotten some hearty chuckles from the majority of Barry's books, but the Travel Guide produced a most unbecoming--and thoroughly enjoyable--stream of spit-laced belly laughs. I'm still snickering. Wait till you read his descriptive 'advertisements' for all 50 states....nobody can make good-natured fun at something as well as he does. If you haven't gotten around to reading the Travel Guide, remedy it right away---you won't be sorry. I'd give this ten stars if it were possible.

This is very funny, even if it is a bit dated now, (like the hysterical descriptions of using the various pre-EU currencies.) I have it on Kindle on all my devices, so I can read it whenever I have to wait...or the other day when I had to stir a dark roux for 20 minutes for a gumbo. Just set up the iPad and read while I stirred.

Dave Barry does it again --- he has me on the floor laughing. His books are incredibly funny -- but so much more than just comedy. He writes about real things in life that are completely absurd -- and does it with such flair. I love him, always will. Highly recommend this book if you need a little "escape" ...and want to just giggle.

I always enjoy the entertaining observations of Dave Barry and wasn't disappointed in this little book. A combination of complete fabrications (he admits to being a complete liar about halfway through the book) and facts that seem too ridiculous to be true, it still holds enough humor to keep me laughing. I thought it would be a little dated but some of the craziness of travel he describes still absolutely holds true. As a sometimes very tired mom, it feels nice to have those laugh-out loud moments that Dave Barry inevitably provides.

Hilarious book. One of Dave Barry's best books and he has a lot of books. Dave Barry is my favorite writer as I love funny stuff.

Many in America are familiar with Dave Barry. I don't know anyone in Ireland or the UK who's ever heard of him. I have introduced my mother to him. She is a writer and appreciates good humour. I think she wasn't expecting him to be quite so funny though. When I said he is hilarious, I was not over reacting. I was pleasantly surprised to see her nearly fall over in hysterics. Humour is good for the soul. Dave Barry is good for the soul. This book covers travel across all of the states, many European countries, Scandinavia, some parts of Asia. For his own reasons, Dave has catalogued some countries together... either his summary of one was so similar to many others, or he was so unimpressed he was lost for words! Either way, you'll enjoy this. How could you not?!

Vintage Barry! His insights are those insidious ones that you've always thought, but never had the nerve to say out loud. He skewers just about everyone he can, but with tongue-in-cheek (and new for him) apologies. A fun way to take your mind off bad news, serious decisions and the like. You

can easily change your mood in one sitting. I think of him as the Julia Child of travel.

Didn't know they gave Pulitzers for humor, but he's the one to get it. Every page guarantees a laugh out loud, so I savored it in small bites (a few pages at a time) and always, always went to sleep happier.
