Nancy Shaw is the author of seven beloved tales featuring the endearing and comical sheep. She came up with the idea for the sheep books during a very long car trip with her husband and two children. She lives in Ann Arbor, Michigan with her family. For more information, visit <http://www.nancyshawbooks.com/>. Margot Apple is a freelance illustrator, having illustrated more than fifty books for children while also producing illustrations for "Cricket" and "Ladybug" magazines. She now lives in Shelburn Falls, Massachusetts, with her husband and their pets, a dog and a cat.

We bought one of Nancy Shaw's sheep books at a local shop and I immediately came home and bought the rest of them. They're hilarious. This book is just so cute. The sheep are, as usual, terrible at everything they do, and make a total mess of their sailing adventure. It's a well constructed board book with adorable illustrations that do a great job adding to the story. The phrases are short and play with word sounds, either rhyming, alliterating, or using slant rhymes in a way that's really

appealing to read and to listen to. Not only will our child continue to read these, but they'll be gifts for every kiddo we buy for.

"Sheep in a Jeep" is a bedtime favorite in our house so we decided to add "Sheep on a Ship" to the collection. It's a cute story that had us wondering what in the world was going to happen next the first time we read it. The illustrations are pretty cute as well. It's obviously not the great American novel but it works for our toddler.

I like the way that it rhymes and the illustrations are well done, but it's kind of a depressing book! Nothing good happens for pages and pages. A little disappointing. One reason it's nice to purchase books in person...

My 3yo loves the Sheep in a Jeep book so I thought this just made sense to try. This is a bit more wordy, but he's getting older so it works out great. Love this series!

we LOVE the sheep books!! we now have three, the first one purchased was sheep in a jeep...which my 3 year old, then 2, LOVES still. the second sheep book was sheep trick or treat. Lets just say, for being a short rhyming book, with really no more than maybe 6 words per page (if even that) it takes us 5 to 10 minutes to get through the book simply because the pictures and expressions are so fun for my son to talk about. we will continue to add more sheep books to our collection.

This is as usual a cute book about the haphazard sheep. It doesn't flow quite as well as Sheep in a Jeep but my 5 and 7 year olds are still delighted by it.

This is one of the better Sheep books we've read, though our family prefers Sheep in a Jeep and Sheep Out to Eat. Sheep in a Shop and Sheep Take a Hike are also good.

The sheep series is good, so far Sheep in a Jeep is my favorite. (Out of the four I've purchased)
