The Girl In The Pink Bikini (The Coralee Chronicles Book 1)

Synopsis

This was pointless. I didn't love Roman Avery, yet I wanted to kiss Roman Avery. I'd bought a swimsuit to impress Roger Keen, but all I could think of was what Roman Avery would say about it. Now, Roman Avery said he had a date, and I was actually jealous. It smacked me in the face. Stupid because he had a right to see whoever he wanted, and like he'd said, we were only friends.-----The best way Coralee Pirtle can think of to be noticed by Roger Keen, is to show up at the big pool party in the right suit. Problem is, she doesn't own one and hasn't a dime to her name. Easily solved ... she'll get a job. Working alongside Roman Avery at the local hardware store isn't exactly what she had in mind, but how hard can it be? Two weeks, one paycheck, and she's set. However, plans change, and the more time goes by, the less appealing Roger seems, and the more Roman Avery becomes the man of her dreams. From best-selling author, SUZANNE D. WILLIAMS, comes a story of modesty and young love. Book 1 of 3 in The Coralee Chronicles. Clean Teen Romance

Customer Reviews

Coralee Prittle was invited to a pool party and this time she wants to be in style. Instead of wearing the cover-up her mom always gets her, Coralee decides to buy herself the perfect two-piece bikini to impress Roger Keen. However, in order to get the money necessary she decides to look for a job that she'll work at for 2 weeks and then quit. When she comes across a hardware store she becomes hired by Grandpa Avery or Roman Avery's Grandfather. After working side-by-side with Roman for a short time, Coralee is wondering if there's more behind this relationship than what meets the eye. Roman and Coralee were the best! Roman was soooo in love with Coralee and felt he would never be noticed by her so didn't give it a chance. However when time presents itself, Roman doesn't take advantage. He makes the right decisions based on morals & values. He loves Coralee just like she is, mistakes and all. Coralee is so busy trying to make herself happy that she doesn't realize the man in front of her. She'll flirt and stuff but never admit it to herself that Roman Avery is the man for her. I loved these two characters by Suzanne. I have so many favorite characters but I think this one wedged it's way to my heart. They were funny, and oh-so cute! The perfect story for the perfect characters! Can't wait for the next book!

This was a gift for my granddaughter. I haven't gotten a report from her but I previewed it and thought it was good.

Awful story. Very immature writing to the point that I could not finish it.

THE GIRL IN THE PINK BIKINI by Suzanne D Williams Coralee had to show off her belly button, a bikini was a must have, then Roger would notice her. Been a couch and TV person, how does one get a job. Working for peanuts, and then there was Roman, since second grade, teasing me. A fist, hitting its mark, and yet, I was hired. Dad, had a different idea, pay for medical bill, then that would be the end of getting my bikini. Working along with Roman, seeing the standards he sets by being a Christian. The lessons in young love, getting a guy who loves you, for who you are on the inside. Cute, enjoyable read. Given ARC for my voluntary review and my honest opinion.

As always, I enjoyed another of Suzanne D Williams' books. This was a great one for summer. I love how Coralee realized that she wanted to become more like the standard set by Christian guy

Roman Avery and discovered, through getting close to him, that the right guy is the guy who sees you on the inside and not just the outside. He sees her beauty, not as the world sees it, but as God sees it. I found myself chuckling throughout the book and getting excited about the sequel because well...the story's not over yet! Looking forward to reading more of these and can't wait for the sequel!Amy McGuireAuthor of The Hope Valley Saga

I really enjoyed this book. The author developed a good plotline with right amount of tension. I really liked the characters she made them come to life and the book had good morals.

Coralee is 18 and living at home. She doesn't have a job and no prospects for college. She has no money to buy a swimming suit so she has to get a job. She gets a job at the local hardware store.Cute story. The ending was fine. I didn't need to have more but apparently there is a second book.

I really enjoyed reading this book. I can't wait to red more about Coralee, she is the typical teenager. If you are in the mood for a fun, sweet and quick read, this is it. This book would be perfect for the beach.
