Customer Reviews

Great little book. Found it an easy read but not very easy for me to follow on a fixed income.

UPDATE: and the author have updated the description and title. Properly described, this seems like an excellent guide/intro to fasting days.

Not helpful at all

My daughter lives in Scandinavia and she is very food-conscious so I had good reason to read and like this book. Unlike another buyer, I did not find the title misleading. For me, it does all it says on the cover. What more could I ask? I have a philosophy that encourages me to look at the way other nationalities cook and eat, so the book was a double benefit to me. I have bought other cook books by Tarja Moles and I have to say I value all of them. I can heartily recommend this one.
