Customer Reviews

I purchased this game for my 4 year old son. I ended up playing it too. It can get to some pretty challenging levels however it takes a little while for that to happen. That allows my 4yr old time to learn how to play without getting frustrated. Its defitely my favorite.

This is the GREATEST guide ever!!!! My son loves the guide and he completed PvZ in 1 hour!! recommend this guide.

This program would not work on my new Kindle Paperwhite. Would only scroll like a book with no way to go to the game.

I already knew how to play so the book is more for people playing for the very first time .

Good mind challenging game for kids lots of fun even for grownups family fun time flys when playing this kind of games

I loaned my Kindle to my granddaughter and she downloaded a bunch of JUNK including this game. Sorry about that.
