An excellent and helpfull book! This book helps us to discover how to travel on a budget, make the most of your adventures, we'll share awesome travel technology hacks, and you'll even learn how to make money and travel at the same time. I would like to recommend this book to all.

It was a disappointment. Although the "sites" and "things" to do might be helpful but there were no details and it was a very plain/boring book. I could have found about the stuff written on this book (which basically I already knew) on google.

I'm planning a trip to Madrid so when I stumbled across this guide here on I thought "hmm, maybe I'll get some ideas for my trip". Sure enough, I've made a list of 15 things I want to do in Madrid. It was a fair investment because it will probably make my trip a lot more fun. I usually do very little on vacation, but there are so many festivals and things happening in such a vibrant city that you wouldn't want to miss.

It did not give addresses. Very interesting generic info.E. Villa-Popescu

If you are going to Madrid, this is definitely a book you need to have. Gives you some really cool spots that you may not know about. Everything from the well known to off the beaten path.

In September this year me and my family go to Spain on holiday. We are planning to visit Madrid. For Madrid we will have 2 or 3 days, and so we want to make a list of locations that will be sure to visit. This book is really a great help, because Madrid is a beautiful city and rich with interesting locations worth to seeing, but we don't have enough time to visit all. This guide contains useful information for tourists. In this book we find all the information that we need, because this is the first time that we go to Madrid. I recommend this guide to anyone who wants to visit the capital of Spain.

Traveling is my hobby but I've never been in Madrid. Hopefully next time I will have a trip in Madrid. I believe reading 101 Coolest Things to Do in Madrid book will helpful to make the trip funny and memorable in Madrid.I find this eBook very helpful most especially for the people who are traveling

to Madrid. So, I highly recommend this book especially to those who are thinking to have a trip in Madrid.

Not what I was expecting.
