Living In Japan

Synopsis

Nippon nests: Today's most exceptional Japanese homes – So rich and unique is traditional Japanese architecture that it's hard to improve upon. Yet contemporary Japanese designers and architects keep finding new ways to refurbish and take inspiration from the ways of old. Whether it's a pristinely preserved traditional house or a cutting-edge apartment, the best Japanese homes share a love of cleverly designed spaces and warm materials such as wood, bricks, and bamboo. From a thatched roof farmhouse occupied by a Zen priest to Tadao Ando's experimental 4x4 House, Shigeru Ban's conceptual Shutter House, and a beautiful homage to bamboo in the form of a home, this book traverses the multifaceted landscape of Japanese living today. Also included is a list of addresses and a glossary of terms, such as tatami. – Text in English, French, and German

Customer Reviews

Angelika Taschen studied art history and German literature in Heidelberg, gaining her doctorate in 1986. Working for TASCHEN from 1987 to 2010, she has published numerous titles on art, architecture, photography, design, travel, and lifestyle. Author, art collector, calligrapher, and director of programs in traditional Asian arts, Alex Kerr has lived in Japan and Thailand since 1964. As a writer, he is known for *Lost Japan* (1996) and *Dogs and Demons* (2001). Kathy Arlyn Sokol is a Kyoto-based media professional with a background in print and broadcast journalism. An Emmy award-winning narrator and contributing editor at *Kyoto Journal*, she has lived in Japan for

twenty-seven years. Swiss photographer Reto Guntli, based in Zurich, regularly travels the world shooting for international magazines. He has published numerous books and contributed to such TASCHEN publications as Inside Asia, Living in Japan, Living in Bali, Great Escapes Asia and Great Escapes Europe.

I love this book. Huge fan of Japanese interior design. This book has multiple translations for its picture captions and all of the photos are beautifully done. What I love about this book is that it shows the more rustic side of Japanese interior design and its more modern and contemporary side. Highly recommend!

Gorgeous book with lavish, large photographs and great colors - perfect!

Great book for ideas about Japanese style home decoration. I live in SoCal, and this is such a great way to live.

Great book with great photos. A really nice peek into how the new Japanese interior decorating has become an art with such small spaces.

It's a pretty, coffee table book that you would flip through in 10 minutes and then set aside. It's up to you to decide if it's worth the money. It's now on my bookshelf since I bought it but I'm probably going to have to donate it to Goodwill since I never seem to want or need to look at it again.

Very informative book with amazing pictures! I would definitely buy this again and recommend it to anyone interested in learning more about Japan and its heritage!

Great product.

Useful for my Japan lesson
