Belize & Eastern Guatemala 1:300K/470K

Synopsis

It is not often that a popular map such as Belize is changed into a new map, but we think there is a good reason for this change. Belize, as a country, is charming, sunny, and a popular travel destination. That hasn't changed. Many visitors move westwards into eastern Guatemala to tour the Tikal complex of ruins. This is shown on our Guatemala map, but a lot of our buyers of our Belize map are only going to this corner of Guatemala, then returning to Belize. Why not give them added value? Belize is still shown in excellent detail, with an updated map of Belize City. The other side shows all of eastern Guatemala and includes a detailed map of Guatemala City. As a further improvement, we have printed this edition on durable, waterproof Plastic paper.

Customer Reviews

Not enough detail, poor graphic design, hard to read.

It came quickly, but I only rated 4 stars because the resolution was not what I was looking for.

Not the best. There is almost nothing on it. Not very detailed and difficult to read. You can't even tell where Belize ends and Guatemala begins. I wouldn't even use this map for reference at home, let alone for a trip.
