Average Customer Review: 2.3 out of 5 stars 14 customer reviews

Best Sellers Rank: #187,271 in Books (See Top 100 in Books) #61 in [Books > Textbooks > Medicine & Health Sciences > Nursing > Clinical > Nutrition](#) #84 in [Books > Medical Books > Nursing > Medical Nutrition](#) #1601 in [Books > Health, Fitness & Dieting > Nutrition](#)

Customer Reviews

Mary B. Grosvenor, M.S., R.D. Mary Grosvenor received her B.A. degree in English from Georgetown University and her M.S. in Nutrition Sciences from the University of California at Davis. She is a registered dietitian with experience in public health, clinical nutrition, and nutrition research. She has published in peer-reviewed journals in the areas of nutrition and cancer and methods of assessing dietary intake. She has taught introductory nutrition at the community college level and currently lives with her family in a small town in Colorado. She is continuing her teaching and writing career and is still involved in nutrition research via the electronic superhighway. Lori A. Smolin, Ph.D. Lori Smolin received her B.S. degree from Cornell University, where she studied human nutrition and food science. She received her doctorate from the University of Wisconsin at Madison. Her doctoral research focused on B Vitamins, homocysteine accumulation, and genetic defects in homocysteine metabolism. She completed postdoctoral training both at the Harbor-UCLA Medical Center, where she studied human obesity, and at the University of California at San Diego, where she studied genetic defects in amino acid metabolism. She has published in these areas in peer-reviewed journals. Dr. Smolin is currently at the University of Connecticut, where she teaches both in the Department of Nutritional Sciences and in the Department of Molecular and Cell Biology. Courses she has taught include introductory nutrition, lifecycle nutrition, food preparation, nutritional biochemistry, and introductory biology.

Access code worked for me! However, the glue got stuck to some of the paper and ripped off part of the code, but it wasn't too hard to figure out. I'm using this for my nutrition class and am liking the layout of it so far

i just wasted my money on this. Registration code is expired.

The access code I purchased didn't work.

This code is expired ! WASTE OF MONEY

GREATA CONDITION!

I ordered this and expected an access code and it didn't come with it. I wasted my money and it messed me up with my assignment because I expected to have the access code. What was the point of paying this amount without an access account.

Code worked fine. However arrived late on prime. Other than that product as expected.

Delivered when promised and just what I needed for school!
