The Complete Guide To Understanding & Caring For Your Cat

Synopsis

Cat therapist Carole Wilbourn spends her life helping owners understand their feline's day to day needs, so that human and animal can relate in a way that promotes the well-being of both. Drawing on Wilbourn's years of experience, *The Complete Guide to Understanding & Caring for Your Cat* presents her methods for treating the 'total cat,' and nurturing it emotionally, behaviorally, and physically. Each chapter deals with an aspect of cat behavior and health in an easy-to-follow and accessible question and answer format, including 'Exercise and the Great Outdoors,' 'Claws vs. Furniture,' 'Emotions,' and 'Choice and Introduction of a Companion for Your Cat.' From grooming to litter box problems, this guide covers just about any concern or situation that might arise.

Customer Reviews

This is an excellent book with lots of answers about everyday health concerns and situations with your cat, such as "On average, how many times a minute should your cat be breathing?" I had been wondering about that exact question and it was in the book. I recommend this book to anyone with a cat or who is thinking about getting a cat, young or old. The author knows her topic thoroughly and answers questions in a Q&A style manner with added insights about each question answered.

Thank you Carol Wilbourne. Well Done! It is clear that you love cats and are concerned for their well being.

It's a good book to have for new cat owners. Easy to read.

A dear friend gave me Carole Wilbourn's Complete Guide as a gift, and I haven't stopped using it since. I live with two cats (a third recently deceased) and own several feline "how to" books, but I always first reach for Wilbourn's when I need some advice. This is the perfect reference book for folks who love their feline companions!

Ms. Wilbourn's book is insightful, useful, and calming. Her concise answers helped me answer so many questions I have always had about my cats. Her book is highly readable and the layout brings you right in. It is one of those "worth it" reads!
