Secret Of The Water Dragon: A Branches Book (Dragon Masters #3)

Synopsis

Drake and the rest of the Dragon Masters are back for another adventure! This series is part of Scholastic's early chapter book line called Branches, which is aimed at newly independent readers. With easy-to-read text, high-interest content, fast-paced plots, and illustrations on every page, these books will boost reading confidence and stamina. Branches books help readers grow! In this third book in the series, someone is trying to steal the Dragon Stone. Drake soon discovers that the thief is his friend and fellow Dragon Master, Bo! Could the dark wizard somehow be behind this? The Dragon Masters must find a way to protect the Dragon Stone--and keep Bo's family out of danger. Will the secret to solving their problems lie with Bo's dragon, Shu? Drake is about to find out!

Customer Reviews

Praise for DRAGON MASTERS #1:"The first of a new series of early chapter books, this entry is sure to attract fans. Brief chapters, large print, lots of action, attractive illustrations in every spread including a maplike panorama, an enviable protagonist -- who wouldn't want to be a Dragon Master? -- all combine to make an entertaining read. With plenty left to be resolved, the next entry

will be eagerly sought after." -KIRKUS REVIEWS Praise for BRANCHES books: "These books should be considered for larger libraries wanting to enhance their easy-reader collections."
-SCHOOL LIBRARY JOURNAL "A nice stepping stone to more advanced chapter books."

This is the only series I've ever seen my eight-year-old son read willingly. He was even like you and I read one more chapter before I go to bed. I was shocked. This is a kid who is literally I think glued to his iPad. On top of that I did notice there is not a lot of books geared towards boys. It seem to be all geared towards girls. So I was so happy to see this series not that a girl can't read it also. It just did not have a frilly wording and was not super pink.

My son, who is 6 and in 1st grade really loves this series. He, currently, follows along while I read. However, we plan on going back thru the series and having him read, when he is ready. The books are fantasy and are fast-paced and engaging. They are also not too "scary", which my sensitive-type guy would have a problem with. Really good book series and we plan to read them all!

My 7 year old son & I LOVE this series!! He reads independently, but we like to read this together before bed. The stories are suspenseful and captivating. My son is not particularly into dragons, so I wasn't sure if he would enjoy the first one, but he's hooked! We've read 1-7 and awaiting #8 to be released in the Fall. :)

My 4 year old is obsessed with the Dragon Masters series. We read a few chapters from one of the books every day. It is perfect because she is getting a longer attention span but still needs a book with lots of pictures and short chapters. The climactic parts have drama and tension but aren't

overly scary. The stories about different dragons and kids from different parts of the world capture her imagination like nothing I have ever seen. This is an incredible series that I also enjoy reading with her, and I hope Tracy West continues to write many many more!

My 8 year old son loves these books. This was his first time having to wait for a book to come out. He enjoys these books so much that they are a very fast read for him. He really wants to read the 4th book but it's not out until July. It's a great adventure that pulls him right into the story. As his mom I would like them to be longer. I hope Tracey West either continues this story with more books or does another like it. He also reads other stuff by her but this is his favorite.

My son has all the Dragon Masters books - reads very easy - and has cliff hanger chapters. The story takes place in a mythical Viking world where a young Viking teenager aspires to follow his tribe's tradition of becoming a dragon trainer. (ahem, I mean DRAGON "Master") How will he train his dragon? Read the books and see.

Since one can never have too many dragon books it's nice to have a series that works well for early chapter book readers. Not only are the stories fun with lots of action but the illustrations are pretty awesome as well. The illustrations are mixed in nicely with the text making the text not so intimidating. Secret of the Water Dragon is the third book in the series and focuses on Bo and his dragon whose powers are revealed as the story progresses. Bo receives a letter that leads him to try to steal the Dragon Stone. After he tells the others why he did this, the others try to help him rescue his family and stop the dark wizard from getting his hands on the stone. A fun-filled adventure with themes of courage, friendship, and loyalty mixed in throughout the story.

My reluctant reader really enjoys these The Dragon Master books. We are plowing through the series. Thank you Tracey West! Our kids enjoy all your books.
