Suzuki Flute School, Vol 1: Flute Part

Synopsis

The Suzuki Method(R) of Talent Education is based on Dr. Shinichi Suzuki's view that every child is born with ability, and that people are the product of their environment. According to Dr. Suzuki, a world-renowned violinist and teacher, the greatest joy an adult can know comes from developing a child's potential so he/she can express all that is harmonious and best in human beings. Students are taught using the "mother-tongue" approach. Customer Reviews

My daughter plays the flute. Loves this book and is progressing. Suzuki books are simply classic

and teaches you how to play beautifully. I'm so pleased with her progress. It comes with a CD so this helps her to play correctly. We are a Suzuki family as I played Suzuki violin and am an instructor. I had no idea they had Suzuki flute until her teacher told us. I believe the songs Suzuki picks really teaches a child to fall in love with good music. I'm very pleased.

My 8-year old son is a beginner flautist, and his teacher started him on this book. It's a great program -- the pieces get progressively longer and harder, but still FUN to play. The accompanying CD is great to get an "ear" for how the pieces are supposed to sound.

Thanks

If you are doing Suzuki, you don't need the review, you just need the book. Go for it - my daughter is enjoying it immensely. Get yourself a great flute teacher and you're on your way.

Quality of book is as advertised.

I love the Suzuki method and these books. It is a must to have a trained Suzuki teacher to excel with this method. My daughter started piano when she was 5.5, and is now 9, and just finishing up book 4, my other kids are following behind. I wish I had been taught this method-- maybe I would still play today!

Not a very good instruction book.

I was surprised that my son's beginning flute teacher wanted to use this Suzuki flute book. She said that the music was great for beginners to play. Book arrived in perfect condition, shipped quickly.
