Curious George Storybook Collection (CGTV)

Synopsis

Curious young readers will learn right along with George as he explores science, math, and technology concepts in eight full-length educational stories—The Donut Delivery, Snowy Day, The Surprise Gift, The Boat Show, Builds a Home, Lost and Found, Plays Mini Golf, and Tadpole Trouble. Each story is also paired with corresponding craft and exploration activities that will appeal to every child's sense of curiosity! Includes more than 100 stickers!

Customer Reviews

Praise for the PBS-TV series Curious George:** 2008 Daytime Emmy Award** "The 'George' series is nearly perfect preschool literature."--The New York Times** "An inventive take on an old favorite"--TV Guide** "Wholeheartedly, ironically, nostalgically whatever adverb you need to feel to the love."--Entertainment Weekly** "This colorful show can't be anything but successful when the very young target audience finally gets to see its hero show up animated and on the move."--Hollywood Reporter** "PBS mixes math and mischief in its snappy retelling of CURIOUS GEORGE. . . sweet-natured mayhem."--Christian Science Monitor** "A nice supportive update on a very old friend."--The Boston Globe** "Curious George is for kids, which is not to say that it's not funny, but it's for kids."--William H. Macy (narrator), The Pittsburgh Post Gazette** "A delightful educational series"--Catholic News Service

Hans Augusto Rey was born in Hamburg, Germany in 1898. As a child, he spent much of his free time in that city's famous Hagenbeck Zoo drawing animals. After serving in the army during World War I, he married Margret Rey and they moved to Montmartre for four years. The manuscript for the first Curious George books was one of the few items the Reys carried with them on their bicycles when they escaped from Paris in 1940. Eventually, they made their way to the United States, and Curious George was published in 1941. Curious George has been published in numerous languages. And many, many Curious George books have followed.

My son absolutely loves Curious George. He is 2 1/2 and this is one of only a few shows he will sit and intently watch. I had yet to purchase any Curious George books for him so I came straight to to see what was available. After perusing a bit, I came across this book. 8 books in one definitely caught my eye. I read some reviews then made my purchase. My son and I couldn't be happier. The stories are all adaptations of episodes from the PBS series with fun activities at the end. My son absolutely loves the activities. And what child doesn't love stickers?! The illustrations are beautiful as well. There are 197 pages in this book, not including the 4 pages of stickers. This was a well thought out and well designed book. The pages themselves are nice and thick, not flimsy like so many other books. I highly recommend this book. It is a wonderful addition to any child's library. You won't be sorry you made this purchase.

2 year old son loves this book and Curious George. This is one of our favorites. Stories were not too long for 2 1/2 yr old. I also finally started buying collections of books so I don't need as much space for the individual books. I wish I had done that from the beginning. Only down side is while reading in bed before going to sleep, your wrist can get tired for holding the weight of the book (if laying down on bed and looking up).

This book is so cute. I only had a chance to thumb through it, before I boxed it up to send to my great-niece for Christmas. I heard she spent the whole morning on Christmas Day, making her father read it to her. How's that for a review?

There are 8 Curious George stories in this book and 100 stickers in the back. It has abbreviated stories and large colorful pictures in the TV/DVD graphics style. My grandson loves Curious George and wants to read the stories over and over again. Whenever he sees one of the stories in this book on TV he likes following along with the book. A hundred stickers is a lot for a 3-4 year old. If your

child goes crazy with stickers, it is possible to cut out the pages of stickers in the back of the book and give them out a few at a time.

I bought this for my 3 and 6 year old, who love the PBS series, Curious George. I have several Curious George books, but this one is the best: 8 stories, beautifully illustrated inside of a hardcover. There are even some follow-up activities at the end of each story, if you are so inclined. Each story is 5-10 minutes long, so perfect for bedtime.

Got this for my niece when she was stuck in the hospital!! She loved it!!

This book closely follows some of the stories from the first season of the PBS Curious George television show. The illustrations take up most of the page and seem to be taken directly from tv show scenes. The pages are bright and thick. At the end of each story is an activity to go with the story. The end of book has a few pages of Curious George stickers. Our toddler loves the tv series, and seems to enjoy this book too.

Love the story, but not the stickers. We have Curious George stickers EVERYWHERE now.
