The Bare Facts: 39 Questions Your Parents Hope You Never Ask About Sex

Synopsis

Sex is everywhere. And misunderstandings about it are even more pervasive. Whether you have questions of your own and don't know who to ask, or you are being asked questions and don't know where to turn—this small book has the answers. Bestselling author and speaker, Josh McDowell believes that no question is off limits and that knowledge, not ignorance, is the key to youthful purity and a fulfilling marriage and family. This book builds on that approach with relevant, pertinent statistics, entertaining anecdotes, and real stories. This little book will be a very practical tool in the hands of anyone who is struggling, anyone who is curious, anyone who is nervous about asking a "dumb question," and most importantly, anyone who desires to learn how to honor God with his or her body. The Bible is clear on a lot of these issues and Josh's candor (and respect for young people) shines through as he shares these truths about sex. Much like Josh's apologetics books, this book will help equip a skeptical generation with the facts they are sorely missing.

Book Information

Paperback: 128 pages

Publisher: Moody Publishers; 1 edition (July 1, 2011)

Customer Reviews

Your Questions About Sex Answered. The word "sex" receives more than four billion Google searches every year, making it one of the most searched words of all time. Teenagers make up the largest segment of Internet users. This reveals two things: 1. When it comes to sex, you have questions. 2. You'll find answers, but maybe not helpful ones. Written in an honest and conversational style, The Bare Facts delivers direct

answers to questions like: Aren't my hormones too strong? Isn't it unrealistic to wait? How far is too far? How will pornography affect my sex life? How can I be and feel forgiven? Includes group discussion questions and access to online teaching outlines.

About Josh Since beginning his ministry, Josh has delivered more than 24,000 talks to over ten million young people in 118 countries. Over 51 million of his books have been distributed worldwide, including *More Than a Carpenter* and *The New Evidence That Demands a Verdict*. Josh continues to travel throughout the United States and around the world helping young people and adults strengthen their faith and understanding of Scripture.

JOSH MCDOWELL As a young man, Josh McDowell considered himself an agnostic. He truly believed that Christianity was worthless. However, when challenged to intellectually examine the claims of Christianity, Josh discovered compelling, overwhelming evidence for the reliability of the Christian faith. In 1961 Josh joined the staff of Campus Crusade for Christ International. Not long after, he started the Josh McDowell Ministry to reach young people worldwide with the truth and love of Jesus.

I read a good portion of this book before giving it to my daughter. It is a little preachy, but not obnoxiously so. I think she will be intrigued enough by the information she won't mind it. I will try to update this after she reads the whole thing. But I will say it has a lot of information you want your teenager to realize but know they won't want to hear it from you. Good information

I recently gave this to my niece who's a senior in high school, and although she giggled nervously when she first looked at it, I could tell that she was eager to read it in private! I read it through first, to ensure that I really wanted her to have it, and wow! This book really answers and addresses so many tough questions that are relevant in any teenager's world! I love how Josh McDowell's advice is based solidly on Scripture, and balanced with a sprinkle of good humor too. This book is weird if you try to read it straight through! It's designed to be a reference guide, where you look up your "burning question" in the table of contents, and then skip around, reading whatever you're wanting to know in the moment. Works great for today's fast-paced teenagers who readily skip from one thing to the next! I also deeply appreciate Josh's rational, analytical thinking, and his logical flow of thought that even the sharpest of teens will have a hard time arguing with!

After hearing Josh McDowell in person at the AACC, I ordered from his latest book. Very good tool

for a counselor of adolescence and parents. Parents need to be encouraged to set down with their child, and work through each subject. Gives great opportunity for communication, and as a parent you know the truth is found in Josh McDowell's never ending research. I believe parents wait too long in approaching the topic of sex and then never seem to have information that can and must be shared in the home. Here is your tool parents and counselors.

Great tool for working with youth.

This was a really great book to share with my teen girls. It goes over all the sexually transmitted diseases and ways (some I didn't know) to get them. It shows the love of God and His purpose for our sexuality, in a non-preachy way. We enjoyed reading the book and even as parents we learned a lot. I would highly recommend it.

I highly respect this author and this book lives up to his reputation. This book should be a must read for all teens. My 13 year old son is reading it and says it is very good as well.

Every parent should buy this book for their house. I read a few pages of this book and I like the way it answers the questions. It answers sex questions in a biblical way and in a way that a curious preteen/teenager can understand. I definitely recommend it!

I heard a talk from Josh McDowell on this topic and so I went and bought the book because I thought it would be great for my kids to have. I definitely want to be open and honest with my kids about sex and this is great resource to look at when they have questions or give them to read when they are old enough. Wish I had a book like this when I was growing up. It would have been so much easier on me, my parents, and my youth leaders.
