What a beautiful testimony from a man who is truly living out the culture of life! I read this at a pivotal time in our journey to adopt our son, and it gave me a lot of encouragement to press on without fear and to trust in God's plan for our family. Sometimes God asks us to do what we're most afraid of. It may not be the most logical choice in a worldly sense, but it brings deep and lasting joy. Thank you, Dr. Chuck, for your work and witness! May God reward you for your goodness!

I'm so glad that Marie Kennedy told me about this wonderful book. Dr. Chuck Dietzen shares many of his experiences caring for children as well as the wisdom he has gained from those experiences. This is the kind of book to keep handy so you can read it more than once and ponder the many pearls of wisdom contained in this gem!

This is one of the best books I have had the privilege of reading. The stories are inspiring and contemplative. As you read this book you are challenged to reflect on your own life and purpose. A MUST READ!

One of the most inspiring books I have ever read. My son is one of Dr. Chuck's campers, and I have had the chance to get to know him. 100% genuine, humble, people you could ever meet. If not only the medical community but humans in general could have just a 1/10 of his compassion the world would be a better place.

I gave this book five stars for inspirational, understandable, real world content. It's engaging and easy to read. It speaks of one man's hopes and actions to affect change in the lives of children who are marginalised, and the people around them. It's a book of hope and humor and heart. Dr. Chuck is a real person, a down to earth person who is living his dream passionately. We should all be so blessed!

I need to buy all of the copies I can and give them to everyone I know. What a wonderful man and wonderful book.

Great stories of a man who gives back in the biggest ways, and shares his talents and gifts.

A great book from a "Healer", not just a doctor. I highly recommend this book.
