Grammar Troublespots: A Guide For Student Writers

Synopsis

Ideal for student writers, this compact grammar reference guide contains many challenging and useful practice activities. This text provides a guide to the 20 most common errors students make in writing, such as subject-verb agreement, verb tense choice, and article usage. Each unit contains a straightforward description of the troublespot and practice activities. An answer key enables students to use the book as a self-study reference guide.

Ann Raimes is Professor of English at Hunter College, City University of New York, where she has taught for 30 years. In addition to teaching undergraduate composition courses, ESL writing courses, and graduate courses in rhetoric and composition, she was in charge of the Developmental English Program students for ten years and has held a variety of administrative posts in the English Department, including directing the first-year composition course. She also chaired a CUNY-wide ESL Task Force, 1993-94, and was chair of International TESOL's Publication Committee, 1989-91. Author of eight textbooks for composition--three of them are published by Houghton Mifflin--and ESL courses (many in several editions), Ann Raimes also

publishes research and theoretical articles and has been invited to give keynote addresses in Singapore, Hong Kong, Rome, Athens, and in many parts of Canada and the US. Her research interests are the writing process, second language writing, grammar instruction, writing across the curriculum, and Web-based instruction. --This text refers to an out of print or unavailable edition of this title.

As an ESOL student, I have been using many English books. This one is so far my favorite since it is much clear and plenty of examples and easy to understand. I strongly recommend it to everybody.

I used the second edition for a long time and found it quite a useable basic text for students to carry round and refer to. This, the 3rd edition, is larger and easier to read and refer to. There are some additions which have been added and which enrich the text.

This is truly the best grammar book to work with because it shows steps for editing writing. Very student friendly.

Use this for my ESOL (English as a second language) class. Great reference!

This book is phenomenal. It helps me a great deal in writing. I totally recommend to anyone who struggled with English language.

good

NEW CONDITION

This guide does a nice job, however as a language teacher, I did not agree with several approaches. There are great tables and graphics for understanding verb tenses.
