Customer Reviews

As usual.Mr. Rosewood continues with his encyclopedic knowledge of the most depraved serial killers in recent history. His writing is succinct,not leaning towards the gore.I am looking forward to his next engrossing collection.

I enjoyed this masive collection of serial killer stories. The book had good structure and contained a bunch of information on a lot of different cases. I was given a review copy for my honest opinion of the book.

I love this collection. Every serial killer that I have ever heard all in reach. Thank you for writing these. Sorry I haven't responded sooner but life gets crazy this time of year.

One of the best authors out there..Love his books...30 years as a DeputySheriff in Two different states.....JACK DOES IT RIGHT...EVERY TIME.

Wonderful collection Jack Rosewood. Each story a little more twisted than the other. Have placed you on my "FAVORITE" authors list.

Any true crime reader will really enjoy reading this book. Simply, a must have for the true crime enthusiast.

I am not done reading all of them, but I have to say that you will not be disappointed. There are sections that were historical, and some of the more recent cases.

I love reading true crime and this book brings home the evil that surrounds us. The writing is factual and the story line is great
