Hidden Diary #1: Cross My Heart

Synopsis

TWO COMPLETE BOOKS! Book One, *Cross My Heart*: Lucy Larson is looking forward to summer—what could be better than spending twelve weeks on a California beach with her cousin? When her cousin cancels, Lucy's about to pack up and go home. But then she stumbles upon an old letter that mentions a hidden diary, cryptic clues, and best friends; Lucy dives headfirst into the mystery, instead, and sets out to find the diary. And just who is that cute boy, Jake, anyway? Book Two, *Make A Wish*: Now it's time to jump into their first Diary Deed. Serena decides it's the perfect opportunity to celebrate Lucy's birthday! Lucy isn't so sure. She knows only a few of the girls on the Island, and some of them have been pretty rude. Will anyone come? In the midst of their plans, one of the invitations comes back to Lucy—with a threat. She wonders if she made a big mistake. Should she cancel the party ... or face the threat head on? Each of the four, two-book volumes in this exciting series for girls aged 8-12 includes: fun, friends, family, gentle Christian faith, and a fast-paced read. "...Sure to become popular summertime reading for middle-grade girls. Revolving around the theme of best friends and a secret diary, this book has definite girl appeal as Byrd demonstrates her uncanny ability of writing from the heart of an almost-12-year old." CBA Marketplace (Review of first book in series.) If you enjoy the *Hidden Diary* series, be sure to check out Sandra's *Secret Sisters* series, also on Kindle, as well as these Kindle titles: *Chopsticks*, *Red Velvet*, and *Daisy Chains*.

Customer Reviews

It was a good book, just a little boring. I am 13 though, so maybe I'm older than the target age. I don't know, but the main character (Lucy) turns twelve towards the end of this book and I'd say it's probably for that age or younger. So the main story is about an eleven (almost 12) year old girl named Lucy who goes to an island off of California with her parents for the summer. Her dad is a scientist, so she's spent every summer she can remember away from home. She never really had any friends to spend the summer with, but this year is supposed to be different. Her cousin is going to come spend the summer with them! But, when an accident happens she can no longer come. So Lucy has an alone summer to look forward to now. But then she meets a girl (Serena) and they find a diary written a long time ago and decide to do all the adventures the girls in it are doing. It sounds interesting for like 8-12 year olds but once you get over that age I wouldn't recommend it for you. I hope this helped :)

This review is for Vol. 1- Hidden Diary which is actually 2 books in one! (I. Cross My Heart and II. Make a Wish) I bought this for her Kindle Fire and she just couldn't put it down! She said, "Mommy, when I read I feel like I am right there with Lucy and Serena"! "I feel like they are my best friends"! "THIS BOOK IS AWESOME!!!" I, as a parent, love the fact that it has Christian undertones throughout the book. The girls in the book just seem to be average 12 year olds who are faced with everyday life struggles and adventures. I proof-read the first 2 chapters and found that even I had a hard time putting it down. Any 9-13 year old girl will love this. Christian or not.

Sometimes the truth makes me cry because they say I won't success in life. They say that because I seem to look like I'm destined for failure and I have decided that I'll deal with it because it's life. I know I will fail and lose things in life but I have to pick myself up and move on with life, because without it there wouldn't be a person to tell people that you're beautiful. Some people wouldn't even get to have a friend like me, caring and sweet. Life is everything to everyone. I wouldn't even be able to write a passage like the one you just read. I hope you learned a thing or two from me because I

hated learning this the hard way with bullies, love, friends, enemies, and everyone in between.~Viola Rose Newman

Such a fun story about the friendship of two girls and the adventures they invent for themselves when they find a hidden diary written by two girls their own age from the 1930's. A book both my daughter and I look forward to reading together as we eagerly await the vintage secrets that will be revealed next. As all of Byrd's books, this story touches on the importance of faith and family without ever being preachy.

I thoroughly enjoyed this book!!awesome love it I recommend it to everyone even adults good book about what true friendship!!

I really liked this book. From the words Sandra Byrd used in it, it feels like I'm actually there on the beach with them. I love how she had to meet someone and make friends with them to be able to get the diary. It's an awesome book! I would recommend it to anyone.

I loved it so much and I'm not a book person. I finished reading it in two days! Absolutely loved it!!

I recommend that everyone who likes a good, interesting, and eye-catching story should open up this book. And be careful, because once you do open this book, you won't stop turning pages! Sandra Byrd is truly a PURE GENIUS!!!
