New item, great music book. Book was new and help us get into the Kenny G. classics songs that inspires many memories. I love this book!

Difficult musical scores. NOT a beginner book by any means. This has advanced scores.

these songs are not easy -- this music is def written for higher level students

Good book, I wish it had a CD with it to play along for reassurance. Book as is is good, no real complaints.

I do not envy the transcriber. If you are a Kenny G wannabe, this has every note of a few of his more popular hits. It may make you dizzy watching the runs on the staff but they're all there. If you play soprano or alto sax, I dare you to get this. ;-) It would be good for reading/playing along even if

you didn't like his music. It's not for beginners. Thanks, Kenny.

Good

I bought it for my soprano sax with i was blessed with and its realy a challeng the music is exsactleay wath he plays but if you by this book yo should eather know how to play at a alltismoe rang and have a altismo fingering chat with i would suggest you buy "top tone for the saxophone" it will realy help

My grandson, Sage bought a Soprano Sax from Kenny G when we went to his concert at Jazz Alley and now we love everything we hear about him. We are very impressed that he encourages young people to get into music and helps them by providing a Sax just like he used in grade school. He is a great example to young musicians.
