Sound Ideas: Activities For The Percussion Circle

Synopsis

Doug Goodkin offers music teachers a variety of ways to reach all types of students. This extensive book includes more than 35 activities organized by musical, linguistic, logical-mathematical, visual-spatial, bodily-kinesthetic, and personal intelligences. A great variety of percussion circle games for all ages is included as well as games for choosing instruments.

Customer Reviews

Good sound ideas if you want a guide-book to read and to think about. Not immediately useful to apply it in other languages, because you have to translate it all.

This book was not what I expected from reading the synopsis. As a music teacher, I can only use about one third of the content. The two main problems are: 1. a majority of the activities are geared toward classroom teaching (creative writing, science, history, geography) which are remotely related to music; and 2. Several activities are too complex to be a practical use of the limited time a music teacher has with students. I wish this book had been marketed as what it was, instead of being played out as a "music" book. It had very little to do with music or percussion circles.
