Bradford Angier (1910 - 1997) was a wilderness survivalist and the author of numerous best-selling books on nature, survival, and living off the land.

Very dry humor. I'm not sure that I've learned anything in the skill department but I do enjoy reading this to people to make them laugh. Angier has a way with words that emits wit.

This book is amazing! I bought it for my boyfriend as a gift but it will remain with our camping and bug out gear! This is probably one of the best survival books I've seen!

Full of FYI's that this non-novice appreciated. A good read for all levels of off gridders. Not many have experienced the diverse environments that the author has, all while imparting knowledge in a

very understandable format.

The layout is really easy and neat to read. You don't have to read it in order. It's literally a guide, doesn't read like a book.

This is a fantastic gift book that I bought as part of a gift package of "manly" stuff for my nephew. Got it along with: How to Stay Alive in the Woods: A Complete Guide to Food, Shelter and Self-Preservation Anywhere 100 Deadly Skills: The SEAL Operative's Guide to Eluding Pursuers, Evading Capture, and Surviving Any Dangerous Situation The MANUAL: Trivia. Testosterone. Tales of Badassery. Raw Meat. Fine Whiskey. Cold Truth. ã Æ and Fire Talon Premium Heavy Duty Multi-tool Pocket Knife with 2 Built-in LED Flashlights Highly recommended!

Excellent! So important that young people know orienteering and survival techniques! I bought this for my ten-year-old grandson. He is in Boy Scouts so I know he'll share what he learns from this book and the other book I gave him, "Finding your way without map or compass." Fascinating content, easy to understand, and very useful. It could save lives.

Excellent reference book. Good to keep in car for emergencies.

Excellently written. Easy to understand! It's one of the few books i always have on my bookshelf. I highly recommend it to anyone looking for a good book on basic wilderness survival.
