Annie Barrows is also the author of *The Magic Half* and its forthcoming sequel, *Magic in the Mix*. Her adult books include the bestselling *The Guernsey Literary and Potato Peel Pie Society*. She lives in Northern California. Sophie Blackall has drawn Ivy and Bean over 700 times. She has illustrated 20 picture books and written a few too. She lives in Brooklyn, New York.

I purchased this for my granddaughter for her 7th Birthday along with *Ivy and Bean Volume 2* and some other books she is interested in. I'm hoping this will entice her to practice her writing over summer break, she is usually much too busy being physical to sit down with a pencil and paper. Maybe writing about her favorite subject will hold her interest better than subjects her teacher

chooses! Anything that Ivy and Bean think up is bound to be funny. I'm sure this will be a treasure in the years to come. A good purchase, I would recommend to any girl or boy that enjoy the Ivy and Bean Series.

I bought this for my 6 year old daughter for Christmas. She LOVES it. It took her 5 days to sit down with it, but now that she has, she has worked on it, independently, for over 2 hours, non-stop. I guess the down side, for some might be that she's nearly finished with it in those two hours. But really, what is that, \$4.50 or so per hour of non-media entertainment, of her thinking and writing and drawing, completely worth it, every penny! Anything that can keep my wiggly, energetic girl engaged for that long, is 5 stars in my book.

My daughter was so excited getting this. It's now 4 months later and she's still excited to fill out parts, draw pictures, etc. It's filled with references to the books and cute silly things I'm sure my daughter will look back on and smile years later. So glad I got this for her.

I bought this for my daughter, who is currently plowing through as many Ivy & Bean books as she can get her hands on. This is a wonderful little fill-in-the-blank book that is very much in the spirit of Ivy & Bean. Some of the prompts are serious but some are silly and mischievous, which is just plain fun and has my daughter writing. Thank you for making this, Ms. Barrows!

we love Ivy and Bean. got this for my 8 yr old.

I am so happy that they came up with this idea. It's so cute. The girls get a chance to fill in the blanks with that they want to put in there. They can be creative with it as well. I got this for my 9 year old daughter and glad that she fills some of her time with this book. Can't wait for more releases from this author.

Everything Ivy + Bean is wonderful!

I gave these books to twins that I am tutoring in reading and writing and they LOVED it!! What a GREAT way for them to write in a fun and entertaining way!
